Unless Anson, Hindon and Minden councillors can come up with alternate ways of controlling the amount of waste going into the Scotch Line dump site, the municipality will have to consider developing a new site in the near future.

That conclusion was reached at a meeting last Thursday, attended by provincial environment ministry official Frank Reinholz, who was invited to discuss options for the Scotch Line site with council.

Councillor Dave Stevens told Reinholz that the municipality wanted to build a berm or earth wall in front of the site, plant trees on both sides of the road leading in to it, and then begin a second lift, dumping garbage on top of refuse that has already been covered.

But Reinholz was quick to point out pitfalls in the proposal.

"I'd ask you to deliberate very long" before making such a move the MOE representative said.

He noted that complaints about the Scotch Line dump site go back to 1971, when 38 people signed a petition criticising the operation of the facility. There have been no complaints in the last year, Reinholz said, because fires are now controlled, refuse is covered regularly,

and the area presently being dumped on is farther away from houses than in the past. But a second lift could bring new problems, according to Reinholz. Odours would be harder to control when refuse was dumped higher up, where the wind is stronger. At present the dump does not operate as a landfill site as defined by provincial regulations, but if council wanted to begin a second lift, the site "would have to go through full land fill status" Reinholz said. That would mean daily cover with earth, and ground water studies to determine where leachate from the decaying garbage is going.

"Legally you can do it" Reinholz said, "but there would be a lot of opposition."

"Are you really going to gain that much?" he asked council, adding that as long as the site operates, there are going to be complaints.

He said the site is too close to houses, and that if even one person had to close windows to keep out the smell of garbage, provincial regula-

"No doubt there's going to be opposition no matter where you look", he said. But the Environmental Assessment process, with public involvement from the beginning, would resolve the matter eventually, giving people reasons why a chosen site would be the most

the MOE official said that job would have to be carried out by consultants hired by the municipality.

The county wide waste management study would be a good starting point for a consultant's study, Reinholz noted.

Councillor Gary Kenney asked Reinholz if compacting the garbage with a truck might help the odour problem, and if the municipality should consider burning garbage at another location and trucking the residue to the present site.

Both ideas "would be acceptable and probably have some merit for investigation" Reinholz said.

If a suitable site for a new dump could not be found close to Minden, council could consider opening a

Please turn to Page 3

Considering the choices - see page 4

tions governing dump sites would be violated.

Reinholz urged the municipality to begin looking for a new dump site, because "it isn't going to be any easier five years from now to find a new site", and it can take five years to complete the procedures required to open a new dump.

suitable.

He added that council might have to go through the environmental assessment process if it wanted to begin a new lift to the Scotch Line site.

Councillor Dave Stevens asked Reinholz if the Ministry would help the municipality find a new site, but

Members of the Haliburton Legion Branch 129 marched to the cenotaph on Friday, then stood silently while snow sifted down and wreaths were laid in honour of the county's war dead. The

ceremonies were well attended, despite the cold, blustery weather and snow that made footing treacherous.

Minden to buy computer for office

Move expected to increase efficiency, improve monitoring of budgets

After months of investigation, Anson, Hindon and Minden council has decided to install micro computers in its offices, the first municipality in Haliburton County to do so.

Council has authorized its computer selection committee to negotiate a contract with the firm of Clarkson Gordon to supply and install a micro computer system and train municipal employees in its use.

The decision came last Thursday after committee members Gary Kenney, Ed Pergolas and Eleanor Burke presented a 15 page report on computerized municipal data processing.

A number of benefits were identified in the report, including reduced workload for municipal employees, rapid access to financial reports for closer monitoring of budgets and expenditures, more efficient processing of municipal tax payments, and more complex statistical analysis and budget forecasting.

The committee drafted a municipal data needs summary and submitted it to four companies for proposals: ESP Computer Systems Ltd. of Minden; Clarkson Gordon, Toronto; Management Solutions Incorporated, Ottawa; and Molnar and Associates Limited, Guelph.

Each company was asked to include information on hardware and software, municipalities using the respective systems, details of maintenance and support, training and implementation provisions and costs, and the possibility of expansion from the basic package of general ledger, accounts payable, tax billings and receivables, and payroll, to an integrated cash receipt activity, word processing and a road maintenance program.

The committee compared each proposal in its report, outlining the advantages and disadvantages it perceived with each system and vendor.

Of the four companies, ESP computers of Minden had the lowest bid, at \$25,795, and the advantage of being located within the municipality. But the committee noted that ESP's software would have to be custom tailored to the municipality, and the hardware it

proposed to install, built by a California based firm, is relatively unknown in Canada.

Clarkson Gordon's bid of \$31,500 includes "a trim and efficient software package" according to the committee, with accessory possibilities and adequate security measures. The hardware is IBM, with hard and floppy disc storage and the possibility of additional terminals.

Both Molnar and Associates and

Monmouth against more county roads

Monmouth Township councillors have passed a resolution urging Haliburton County Council not to assume any more roads into the county system until all present county roads can be brought up to standard.

The resolution is a bid to counteract pressure from Anson, Hindon and Minden, and Snowdon Townships, which want some roads in their municipalities to be assumed by the county.

Monmouth reeve Keith Tallman said Monday that Anson, Hindon and Minden and Snowdon indicated about a year and a half ago that they wanted the county to take over certain roads presently in the

municipal system. The municipalities completed the required studies at their own expense, and are now urging the county roads committee to vote in favour of assuming the roads.

But Monmouth council does not support the idea.

"We've got a lot of deficient roads right now" Tallman said. "If the county starts assuming more roads, there's a lack of funding for construction."

already than the county can afford to match.

Tallman said some county roads in Monmouth are deficient, and emphasis should be put on upgrading existing county roads before any more miles are taken over from municipalities.

"We're just not in a position to assume any" Tallman said.

Anson, Hindon and Minden council resolved last Thursday to ask the county to assume the Bobcaygeon Road into the county system, and that request is expected to be presented to county council at its meeting this Wednesday.

Police news

General

During the period of November 7 to 13, 1983, personnel at Minden Detachment investigated the following occurrences: 19 motor vehicles accidents with five minor injuries (nine of the accidents occurred on Friday, November 11) and 44 general occurrences including four thefts, and three break and enters.

Deer hunters

To date, no major occurrences involving the influx of deer hunters into the area have been reported. Two complaints were lodged regarding hunters trespassing. Two hunters were reported missing but were located within a short time. Two cars received minor damage when struck by running deer. Both deer ran off, apparently not seriously injured.

Break and enter

A Gull Lake cottager arrived at his cottage in Lutterworth Township this past week after a few days absence and discovered it had been broken into. Entry was gained by smashing in the front door. A total of \$2,735 in goods were stolen and included a colour TV, stereo equipment, a video game, two rifles and a shotgun. Investigation is being conducted by PC Mike Maher.

Charges laid

Brett Porter, age 19, of Minden, already serving time in jail for a break, enter and theft at the County Garage, has been charged with an additional break and enter and the theft of an OPP service revolver (since recovered). Timothy Beaver, age 17, of Minden, has been charged with possession of stolen property in connection with the same occurrence. He has also been charged with breach of probation. Porter was sentenced Monday to a nine month jail term for the break and enter and theft of the revolver.

Jail Sentence

Peter James Wilson, age 22, of R.R. 1 Haliburton, was sentenced to nine months in jail at Provincial Court in Minden on November 9. He had been charged with theft of drugs from the Good Medical Centre in Haliburton, possession of stolen property, and with breach of probation.

Transfer to Peterborough Hospital

On Thursday, November 10, a 17 year old Haliburton County youth was taken to Haliburton Hospital in a semi-conscious state and was acting so aggressively police assistance was required. Four men were experiencing difficulty controlling him.

The youth, who had been in contact 12 days earlier with the saliva from a possible rabid dog, was exhibiting signs of acute rabies - semi-conscious, behaving aggressively every five to ten minutes, displaying spasms of neck and shoulder muscles, and frothing at the mouth. With police assistance, he was transferred to Civic Hospital in Peterborough.

Further test performed at Civic revealed the youth had a very high percentage of alcohol in his blood - 350 milligrams of alcohol for every 100 millilitres of blood. A measurement of 300 mgs or over has caused death in some instances. 80 mgs is the maximum amount allowed for driving.

Once it was confirmed the symptoms were caused by alcohol consumption rather than by rabies the youth was hospitalized for a drying out period and is believed to have been released the following day.

Dysart et al reeve Murray Fearrey waits his turn to place a wreath at the base of the village cenotaph on Friday. About a dozen wreaths were laid during Remembrance Day ceremonies organized by the Haliburton Branch of the Royal Canadian Legion.

Monmouth council minutes

Monmouth Township council held a regular meeting November 7.

Visitors included Brenda Coty and Theresa Davidson, re play school at Lloyd Watson Centre; Wayne Moore, Ministry of Environment re Monmouth Dump; Ray Krupa and Howard Anderson re Monmouth Volunteer Fire Department re helmets; and Frank DeCarlo, observer.

The following bills and accounts were paid: General Voucher, \$19,570.42; Roads Voucher, \$7,379.63; and Welfare Payroll, \$1,168.13.

Council urged the County of Haliburton not to assume

any further roads into the County Road System until such time as roads presently in the County Road System can be all brought up to County Road standards.

By-law 83-21, a by-law to establish certain lands as a Municipal Highway, was passed.

Brenda Coty and Theresa Davidson were granted permission to use the Lloyd Watson Centre for Wednesday morning Play School at no charge and a \$50 donation was made for supplies.

Council will pay the cost of new helmets for the Monmouth Fire Department subject to Fire Marshall Standards accepting lowest of at least two bids.

By-law 83-17, a by-law to authorize the sale of land, was passed.

By-law 83-18, a by-law to authorize the sale of land, was passed.

By-law 83-19, a by-law to authorize the sale of land, was passed.

By-law 83-20, a by-law to

Cardiff council minutes

A special meeting of the Municipal Council of the Corporation of the Township of Cardiff was called by the Reeve for October 21. The purposes of the meeting were (1) to review information concerning Canada Works Job Creation Programs and (2) to review a letter from the municipality's solicitor, Robert E. Pakenham regarding the Ontario Municipal Board hearing scheduled for October 24, 1983.

All members of Council were present. Staff present were: Gayle P. Billings, AMCT, Clerk-Treasurer and Ronald Mumford, Chief Building Official and By-law Enforcement Officer.

Also in attendance were: Robert DeLong and Douglas Garlick.

Council will not be making application for a job creation project under Canada Works Program.

The Clerk was instructed to advise solicitor, Robert E. Pakenham to engage Edward Hanna, Biologist, to provide technical evidence on October 24, 1983 at the OMB hearing regarding Section 19 of By-law 27-81 and By-law 1-83 and to pursue adjournment of both matters as requested October 7, 1983.

The previous motion was introduced to Council for further consideration based on additional information from Solicitor, and passed again.

A special meeting of the Municipal Council of the Corporation of the Township of Cardiff was called by the majority of Council members, under date of Oc-

tober 24, 1983 at 9:00 a.m.

The purpose of the special meeting was "to discuss and accept a resolution from the Paudash Lake Conservation Association/Ell's Lake Cottagers' Association to be recognized at the OMB hearing of October 24 at 2:00 p.m." The petition was received by the Clerk, October 24, 1983 at 8:55 a.m.

All members of Council were present, except Councillor Paul Slighte.

Staff present were: Gayle P. Billings, AMCT, Clerk-Treasurer and Ronald Mumford, Chief Building Official and By-law Enforcement Officer.

Also in attendance were: William Davis, President, Paudash Lake Conservation Association and William Duncan, Eel's Lake Cottagers' Association.

A quorum of members of Council was present at 9:00 a.m. At 9:10 a.m. the Reeve, Mack Peters, refused to act in his capacity as Head of Council. At 9:20 a.m., in accordance with Township of Cardiff By-law no. 37-82, Section 5, the following resolution was introduced: that Debbie Donaldson be appointed as chairperson for the Special Meeting, October 24, 1983.

Council recognized Wm. Davis, appointed representative by motion of the executive for the Paudash Lake Conservation Assoc., and requested the Ontario Municipal Board to recognize and hear this representative at the Ontario Municipal Board hearing October 24, 1983. Recorded vote: Yeas -

Irwin, Duncan, Donaldson; Nays - Peters.

The resolution was carried by two votes.

The Municipal Council of the Corporation of the Township of Cardiff held its regular meeting at the Council Chambers, R.R. #3, Bancroft, Ontario, on November 4.

All Council members were present. Members of staff in attendance were: Thomas Elliott, Road Superintendent; Ronald Mumford, Chief Building Official and By-law Enforcement Officer and Gayle P. Billings, AMCT, treasurer.

Councillor Debbie Donaldson declared a conflict of interest in Item D(1) on the agenda concerning the Watson Subdivision, Plan 599.

Council accepted the proposal from Humpage, Taylor and McDonald Co. in the maximum amount of \$2,600 for assistance in installation of the BACPAAC, basic accounting system which cost will be recovered under the Municipal Action '85 program.

The following accounts were authorized for payment: General Voucher \$12,148.29, and Roads Voucher, \$11,530.33.

A by-law to amend a subdivision agreement pertaining to Registered Plan Number 599 was passed.

The Township of Cardiff endorsed in principle, the resolution of the County of Wellington regarding Boards of Education in Ontario and their lack of financial restraint.

**Are your hard-earned
dollars going up in smoke?**

Then take a few minutes now and discover how adding electricity to your oil furnace can dramatically cut the cost of heating your home.

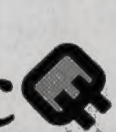

If your oil furnace is in good condition, but you'd like it to run more economically, a dual-energy system combining oil and electricity may be just the answer. In fact, depending on how much electric heat you add, and how you operate your system, you could use as little as one tank of oil for an entire heating season!

For example, an electric plenum heater or heat pump, will reduce the amount of oil your furnace uses by up to 75%. In addition, a heat pump provides air conditioning in the summer for economical year-round comfort.

If your furnace does need replacing, an electric furnace or one of the other electric systems can heat your home cleanly, efficiently and economically.

If you'd like to know more about dual-energy and all-electric systems, write to Ontario Hydro, 620 University Ave., 4th Floor, Toronto M5G 1X6, and ask for our free booklet "Electric Heating Options for Your Home."

The few minutes you take now could add up to big savings this winter.

Go Electric 

Computers

from page 1

Management Solutions Incorporated offered proven software systems, a record of municipal experience, and acceptable hardware, but their prices were much higher, at \$55,700 and \$62,250 respectively.

Clarkson Gordon offered the additional assurance that if its proposed system did not work to the municipality's satisfaction, substantiated by a provincial arbitrator, it would refund the price of the software and buy back the hardware at the municipality's original cost.

The Clarkson Gordon bid includes the cost of 20 days of training for municipal employees once the system is installed.

In recommending that council opt for the Clarkson Gordon bid, councillor Gary Kenney noted that up to half the cost of the system may be met through a grant from the provincial Ministry of Municipal Affairs and Housing.

Council voted to allow the committee to negotiate a contract with Clarkson Gordon for the computer system, software and training, which could be in place early in the new year.

Once the contract has been agreed on, council will apply for a grant from the MMAH under its 'Action '85' program.

Dump problem

from page 1

transfer station for refuse disposal by village residents, trucking the garbage to the distant site as required, Reinholz suggested.

At present provincial funding would be available for a consultant's study to find a new dump site, but the MOE would assist with expenses for closing the old site Reinholz said.

Reeve Lyle McKnight suggested that controlled incineration may provide the best solution to council's immediate problem of keeping the Scotch Line site open, and Reinholz agreed, noting that burning would eliminate problems with odours and flies.

The reeve asked Reinholz to determine if an environmental assessment hearing would be required for a second lift at the Scotch Line site, and report back to council.

In the meantime, McKnight said, council should establish a committee on waste management and press the MOE to help fund a consulting study using the county wide study as a basis for locating a new site in the Minden area.

Glamorgan gets MOE study grant

Glamorgan Township will get a grant of \$3,000 under Environment Ontario's Waste Management Improvement Program for study of its landfill site.

The grant will help the municipality to improve the local landfill operation by investigating leachate migration.

The Waste Management Improvement Program is intended to provide financial assistance to relieve the burden imposed on municipalities in meeting the standards required for the safe disposal of domestic waste.

The cenotaph in Haliburton was the focus of wreath laying ceremonies in honour of Remembrance Day last Friday.

Lest we forget...

Legion members, local citizens take part in ceremonies

honour local residents who lost their lives in the world wars.

Students organize Career Week, offer a number of choices

Students at Haliburton Highlands Secondary School will spend much of next week learning about jobs, training programs and post secondary educational opportunities as part of Career Week across the province.

This year, for the first time, the week's activities have been organized by students, and several changes have been implemented to make more information available.

The week's activities will kick off Monday morning, when members of the organizing committee visit classrooms to tell students what is being offered, and how to get the most benefit from it.

In the afternoon, Al Fillbrook of IBM will give the keynote address, providing what organizers Rob McLeod and Tara Davies describe as an "inspirational, motivational talk on careers."

On Tuesday, senior students will be bused to Lindsay for a university information program.

A new feature of this year's Career Week at HHSS is noon hour programs in which people involved in various careers will offer visual displays and workshops for interested students. These have been scheduled for Monday, Tuesday, Wednesday and Friday.

Wednesday morning is set aside for an individual class program. In this session, teachers who wish to participate can talk informally with their classes about the teaching profession and their own educational experiences.

On Thursday morning a job fair will be held in the school's gymnasium. Some 30 occupations will be represented in visual displays, and students will be able to talk to participants about their careers, and training and education requirements.

Students in Grades 9 and 10 will

be included in this portion of Career Week.

On Friday there will be another noon program, and in the evening, to wind up the week, students are planning a dance.

The following Tuesday, November 29, parents, students and other interested people are invited to a

post secondary night. This will involve a panel discussion with representatives from colleges, universities, private vocational schools, apprenticeship programs, the Armed Forces, and private company training programs. Each participant will speak briefly about their area of expertise, then answer

questions from the floor. Following the panel discussion participants will move to individual classrooms where people can get more information if they require it.

Organizers Rob McLeod and Tara Davies stress that all of the activities planned for Career Week are open to the public.

Minden recreation committee wants '82 surplus

Minden's recreation committee may be credited with funds it didn't spend in 1982, even though the funds went into the township's general revenues.

Dean Elliott, chairman of the committee, told council last Thursday that the committee was surprised to learn that a \$1490 surplus from the 1982 budget was not placed in a reserve fund for recreation, but was absorbed into general

revenues. Elliott said the committee could use the extra money to carry out much needed repairs and upgrading of the community arena.

Heading the list of proposed improvements is the addition of blue steel siding to the end wall. Elliott said materials would cost between \$700 and \$800, and the work would be carried out with the help of the Katimivik volunteers.

Deputy reeve and finance chairman Ed Pergolas said he had already suggested to council that the 1982 surplus would not be lost but would be credited to a recreation reserve fund.

But the normal procedure is for unspent portions of township committee budgets to be absorbed into the municipality's general revenues.

Elliott noted that if the system is not changed so that budget surpluses are carried over to the next year for each committee, people will feel that they have to spend all the funds they are given or they will lose them.

Council did not make a formal motion on Elliott's request, but is expected to consider the matter further.

County asked to take over Bobcaygeon Road

Anson, Hindon and Minden council wants Haliburton County to take over responsibility for the Bobcaygeon Road.

At a meeting last Thursday, council said it would accept the county's report on future road assumptions "providing that the Bobcaygeon Road from Highway 118 to Newcastle Street and from Newcastle Street to Highway 35 be

assumed into their system by January 1, 1984."

If the road is assumed by the county and brought up to county standards, council believes it could help funnel traffic from Highway 118 through the community.

In discussions prior to considering a resolution on the matter, council decided to press for routing the road along Newcastle Street

because it would then link up with South Lake Road, which became part of the county system several years ago.

The Minden request may not find easy acceptance at the county. Monmouth Township recently passed a motion formally asking the county not to assume any more roads until existing county roads can be brought up to standard.

Other municipalities, including Snowdon Township and Stanhope Township, also want certain roads in their jurisdiction assumed into the county system so that they can be upgraded and maintained at a higher standard.

Minden's request, and those of the other municipalities, could come up for discussion as early as this Wednesday at county council.

Choices

Anson, Hindon and Minden council is grappling with a problem that centres on the Scotch Line dump site, and the public should take keen interest in council's deliberations. At issue is the future not only of the Scotch line site, but of refuse disposal in the municipality as a whole.

The Scotch Line site has been the object of complaints from nearby ratepayers in the past, and with justification. Whether houses were built too close to the site, or the site was opened too close to houses, the fact remains that smoke, smells and dust have proved an annoyance to adjacent ratepayers on a number of occasions. Most of these problems have been solved by better management of the site, for which council deserves credit, but the fact remains that continued use of the site for disposal of untreated garbage will not be acceptable either to ratepayers or to the Ministry of the Environment.

Council appears to have a number of options, none of them cheap, and none of them simple. It could proceed with plans to begin a second 'lift', or dumping level on top of already covered garbage, enabling the site to serve the municipality's needs for several more years. This option is almost certainly unacceptable both to the MOE and to ratepayers. It could opt for the second lift but agree to cover garbage every day. This might be more acceptable, but would be very expensive and difficult to supervise. Council could look for another means of dealing with garbage before it gets to the Scotch Line site. This might mean compaction and some form of recycling, or construction of an incinerator. In either case, pressure on the Scotch Line site would be reduced, and the material dumped might be more compatible with nearby housing.

Council's final option is to look for a new site that would serve the municipality in the long term. This option is not without pitfalls, but it appears to be the best one open to council.

Dump sites are not easy to find these days, because problems that might once have been ignored or given very little weight are now considered to be extremely significant. No matter how well managed a dump site may be, no one wants it near them. Garbage and the products of decomposition must be kept well clear of lakes and streams. Noise, dust and smells must be kept well away from ratepayers. Inevitably that means a new dump site will be means from villages and hamlets, and it means ratepayers will have to drive miles to dispose of their garbage. The need for adequate buffers means many acres must be purchased and only a few of them developed for dumping.

All these problems must be faced if council chooses to go for a new dump site. Consulting studies will have to be paid for, property purchased, hearings held, and the old site closed up.

But it appears that in the long term, a new site is the best option for council. It is up to ratepayers to consider the alternative and help council decide how and when to proceed.

Vote

Voters in Monmouth Township should not miss an opportunity to cast their ballot in the upcoming by-election, even though it may seem one new face in council won't make much difference to the operation of the municipality. A strong voice is always heard around a council table, and a voice of reason can influence policy in a positive way.

It takes only a few minutes to cast a ballot. And it is an important right that should always be exercised when the opportunity arises.

Remember them

Photo by Len Pizze

Letters

Editor's note:

The following letter, sent to the Ministry of Natural Resources, Fish and Wildlife Division, Minden, has been endorsed by Laxton, Digby and Longford council.

Attention: Mr. Mitchell

Re: Private Lands Fur Management Proposal.

As a trapper and conservationist, I am very much in favour of fur management. There are, however, two specific areas of concern which I feel must be redesigned in order that the program will be both equitable and useful.

It is my opinion that, unless any given Fur Management Program is able to solicit the support and co-operation of all involved parties, it will not be able to operate at an optimum level.

We can all appreciate how allowing individuals to harvest furs in only one area would greatly simplify the matter of policing the situation. The loss of support, however, from trappers, councils and land owners will more than offset that which is gained and may, in fact, create many new and more serious problems.

Were I a land owner in any one specific zone with a nuisance animal problem and if I found myself unable to award the trapping rights on my property to the trapper of my choice, I can assure you I would be very angry. Furthermore, this policy will almost certainly encourage trappers to charge phenomenal fees for the removal of these animals by severely restricting competition in the fur harvesting community.

I would point out that this proposal very neatly avoids the seemingly unconstitutional issue of telling property owners who may harvest fur on their property be designating instead, who may not.

Further to the land owner issue, I find the minimum amount of land required of a land owner before he or his family may hold a licence, prohibitive and objectionable.

Many of us who grew up in this area first trapped as a boy on a small stream or pond for extra money while going to school. I, personally, see this as being desirable. It builds character and gives younger people a chance to learn and appreciate the importance of our wild creatures and their habitat. Six muskrat traps and an acre of pond can build a lot of character in a young boy.

Trapper education courses are the solution to proper trapping techniques - not area management.

I would, however, like to congratulate the Ministry for taking steps to preserve our heritage before very drastic steps are required. The proposed program requires re-working to elimin-

ate these contentious issues before implementation in this area is considered.

Yours very truly,
Gordon J. Bartley,
Norland, Ont.

To the Editor:

It was a pleasure and a pleasure being a part of the team of Legion members selling Poppies last week. Being a relative newcomer to Haliburton, I also appreciated the opportunity to meet so many fine people. It was especially touching to have a small girl, already wearing a Poppy and obviously not from among the most affluent, put a whole handful of change in my box. She knew why she wanted to do her bit. It nearly brought tears when a German veteran who was captured in North Africa and held three years in a British prison camp, gave to our cause. The staff at the Bank of Montreal and at the Red and White store, where I spent most of two afternoons, were so friendly and helpful. A personal thank you to each and all who had a part in the Poppy Campaign, every penny of which is used for needy veterans and worthy community causes.

The messages, by the Legion's Chaplain and President, at the Remembrance Day Service were meant for all to hear. November 11 is a very sad and emotional time for all the veterans and those who lost loved ones. The attendance of more of the public would be appreciated. Personally, I like to see all the clergy take part in services of Remembrance. Then the public seem to be more interested and get more involved.

As one speaker said, "When you buy a Poppy and wear it, you are saying Thank You to a dead serviceman". Think about those who gave their lives that we might live in freedom where we can worship God in our own way in our own comfortable pews. Think (the Chaplain's directive) about your obligations, you who are younger than the old vets. Our numbers are dwindling, so you've got to step in and be the ones who carry on the Remembrance Day Services so the 100,000 Canadians who gave their lives in two World Wars and Korea are not forgotten.

We hope and pray that the present generations never know the horrors of war, but that is one experience where you learn and feel the presence and love of the Lord like you very well might not in every day life here in Canada. We lived through hell, but felt very close to Heaven.

Thankyou,
Bill Elliott,
RR.2, Haliburton

On two or three occasions the service clubs of Haliburton and area have met together for joint meetings at the Legion Hall in Haliburton. These meetings as far as I am concerned have served a two fold purpose. The first one is the fact that if these meetings don't accomplish anything else they do serve the purpose of bringing all of the people together so that everyone present can get to know the other person just a little bit better. Secondly the clubs can pool their talent and resources and make sure that one club doesn't overlap the other on various projects. The four clubs that have been involved in these meetings have been Rotary, Legion, Kinsmen and Lions. I personally would like to see the day come when all four clubs would get together for one major project.

We received a letter at the Echo the other day from Sidney Say who formerly lived on Little Boshkung Lake for a good many years and who now lives permanently in Victoria, B.C. He renewed his subscription for another year to the Echo and told us that recently he decided to motor to Ontario and see his family and visit with as many of his old friends as possible. He said he was pleased to see them all in good health. In his letter he went on to say that in Minden he spoke to Reg Booth, Slim Brandon, one of the younger Dollo boys, Mrs. Bernie Trepanier and several old friends in the Municipal Office. In Carnarvon he spent some time with Mr. and Mrs. Ross Harrison, Bob and Gloria McMath, Hal Burton, Mr. and Mrs. Jack Gregory and at Maple Lake, Mr. and Mrs. Moss Davis, Mr. Ray Welch and Mr. and Mrs. John Perry. He said he was truly sorry in not being able to see more people, but his time was limited. He was able to speak briefly with Mr. and Mrs. Alf Mason and the Murray Hutchinsons on Little Boshkung Lake. He said he really enjoys the Echo and looks forward to reading about his many friends and acquaintances in future copies of the Echo.

On Thursday afternoon I happened to be watching the municipal employees sweeping the main street in the village of Haliburton. They were working in the vicinity of the Cenotaph when one of the employees Lloyd Curry called me over to show me a set of keys he had just picked off the highway in front of Paulette's Gifts. He asked me if I would take them to the Echo and hold them until the owner came in to claim them. We have the keys here at the Echo and if the owners comes in we will be only too glad to see that he gets them back.

Congratulations to Mr. and Mrs. Edward Miller of Haliburton who celebrated their 55th wedding anniversary on Monday, November 14.

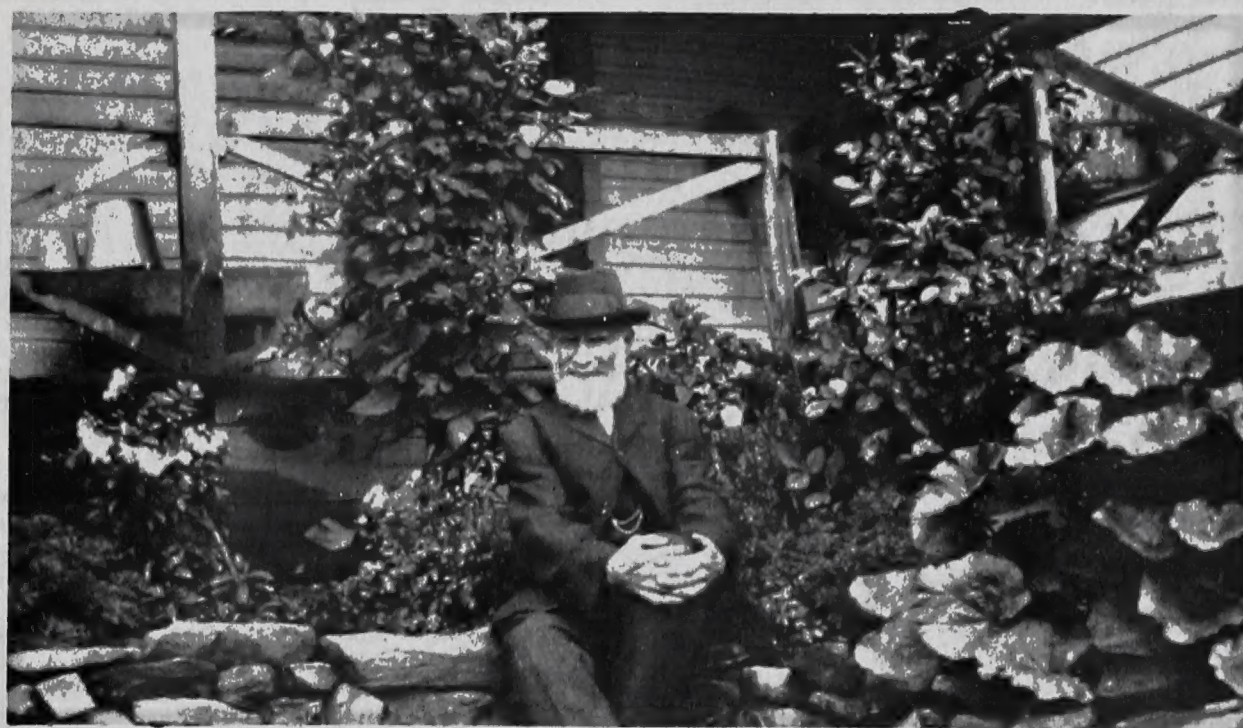

Remembrance Day is over for another year and although there was a good turnout for the parade it would appear to us that the ranks are getting thinner and fewer and fewer veterans are lining up for the parades to the cenotaph in Haliburton each year. One must stop to realize that only a few World One vets are still with us in this area and the World War Two veterans are nearing retirement age. If the Legion is to carry on it will be up to honorary and social members to carry the load. It is also unfortunate that hunting season each year comes at the same time as Remembrance Day. It is difficult for some of the hunters to get out for the Remembrance Day Service.

Turning to some news from the Rotary Club of Haliburton we learn that at a recent meeting club member Henry Pristol showed an excellent and timely film on Survival in the Woods. It seems that the moral to this story is if you find yourself lost in the woods, don't panic. In other news Cub Coneybeare of Minden Rotary Club is arranging a charter to the 1984 Conference in Birmingham, England tentatively scheduled to leave one week prior, and return on your choice of dates, up to two weeks later. A great opportunity for a holiday as well, before the busy summer. Rotarian Al Bagg and his wife Eleanor attended the official unveiling of the Terry Fox structure in Vancouver by a former local boy George Pratt.

If you are in the mood for dancing now is a good time to make plans for the big dance coming up at the Royal Canadian Legion Hall in Haliburton on Saturday evening, November 26. The Kinsmen Club of Haliburton who are sponsoring the dance are proudly announcing that they are bringing back that every popular musical group "Six Pack". All proceeds will be used for Cystic Fibrosis and community projects.

The 1983-84 edition of the Haliburton Huskies will go down in history as a winning team. Coach Derrell Stamp has the boys playing great hockey and has them right up there on top of the league. Attendance at the home games is away ahead of last season and if you haven't seen the Huskies in action this season why not drop up to the arena this coming Saturday night November, 19 when the locals will be meeting Huntsville with gametime scheduled for 8:00 p.m.

According to a recent issue of The Highland Rotooter, the voice of the Rotary Club of Haliburton, Kim Emmerson informed the club that the Ontario Society are holding Ski-aramas along with Snowaramas. He put out the suggestion that possibly the club could look at this as something that could be staged for the Winter Carnival.

Pic of the Past

Our Pic of the Past this week features John Billings, builder extraordinaire who in earlier years was the main builder in the Maple Lake area. Among his many building accomplishments was the house which was built between Maple and Hawk Lakes better known as

Blagdon Hill. Toronto restoration architect, the late B. Napier Simpson Jr. purchased the Billings property in 1954. In her book "In Quest of Yesterday" Nila Reynolds states that John Billings' crowning achievement was St. Peter's Anglican Church, built in the year 1905 at Maple Lake, which, taking into consideration the number of marriages it has hallowed, might be called the "Brides Church." John Billings was born at Ivy Cottage, Blagdon Hill, near Taunton, on April 21, 1838. The photo was the property of the late Allan Sisson.

Queen's Park Report

John Eakins, M.P.P.

Some 680,000 public sector employees have been given back the right to bargain collectively, and some have been given back the right to strike. However, the government has removed clout from these restored rights by announcing a five percent limit on public wage spending. The Provincial Treasurer has also announced that Ontario's 16,000 doctors, who were exempt from last year's wage restraint program, will have the 10 percent fee increase they were to get in 1984 reduced to eight percent. By doing this, the Treasurer has violated the third year terms of the government's five year fee agreement with the doctors. However, he pointed out that the doctors have the right to cancel the deal and to reopen talks next year in an attempt to fight the reduction.

Low-income workers confronted with rollbacks by the Inflation Restraint Board will be given more freedom under Ontario's new restraint program to attempt to negotiate away the inequities to which they were subjected last year, according to the Provincial Treasurer. Recently, he promised to ensure that staff of Sensenbrenner Hospital in Kapuskasing would not have to pay back amounts of up to \$1,000 each under a wage rollback ordered by the Board. However, he has

now informed the Legislature that he will be taking no special measure on behalf of these workers, nor will he intervene in other cases of rollbacks which Opposition MPPs say are clear cases of hardship.

Hydro Accountability

The controversy about Ontario Hydro continues. Our longstanding demands for a forum in which Hydro officials could be made accountable to Members of the Legislature have won support from the Corporation's interim chairman, who has stated that Hydro now views a Select Committee on Hydro Affairs, which functioned from 1975 until 1981, as "an effective process". His remark was made in response to questions from members of the Legislature's standing committee on general government, following a speech in which he attempted to respond to some of the key criticisms faced by the Corporation in recent months. After being grilled for half an hour on the subject of accountability and relations between Hydro and the Ontario Government, he told Liberal Leader David Peterson that he had entered an area "where you are attacking the Government through me."

Report from Parliament

By Bill Scott M.P.

In September of this year, Brian Mulroney appointed me Deputy Critic for National Revenue in his new shadow cabinet. Since then, many of you have congratulated me on the appointment. I thank you for your best wishes.

I believe the choice of National Revenue was made due to my involvement over the past few years with the issue of quarterly payments of income tax by senior citizens. Canadians from coast-to-coast for not paying installments quarterly, even though they were not aware of the requirement that they pay quarterly.

On October 27, in my role as Deputy Critic, I met with the Deputy Minister, Taxation, of Revenue Canada and some of his officials. I again broached this subject at that time. Their response was that they were continually investigating ways of assisting senior citizens, but had not yet come up with a solution for the Department of Finance to consider.

As the discussions continued on such matters as the treatment of artists and musicians, the classification of farm income, etc., it became abundantly clear that the officials were sympathetic. However, it was also clear that National Revenue can only make informal suggestions to the Minister of Finance who is responsible for the Income Tax Act. There is no legislative responsibility within Revenue Canada for Income Tax laws.

On November 3, I met with the Deputy Minister, Customs and Excise, of Revenue Canada. Again, I was struck by the fact that this branch, as well, has mainly an administrative function. All revenue producing legislation is controlled by the Minister of Finance.

At both meetings, it was stressed that a more positive and less threatening attitude should be promoted at all levels of officials dealing with the public. I am hopeful that my message will be taken note of by the Minister.

From the Chamber

What does the Chamber of Commerce do for me?

This is one of the first questions asked by all prospective new members (and some old ones).

There are two main functions to the Chamber of Commerce and we are active and growing in both of them.

The first area is promotion. A good portion of our budget is spent telling people where the county of Haliburton is, what we have to offer in the way of events, attractions and services and why they should visit our area. This is done through newspaper ads, area directories, accommodation guides, travel shows, information booths and press releases to radio, TV, and newspapers, etc. We also have a toll free line for people to call for more information. For instance, 100,000 directories were distributed last year in co-operation with the Central Ontario Travel Association, 15,000 Winter Guides, 25,000 Summer Guides and 50,000 "Lure" Brochures. We also mailed out information to over 1,000 people outside the county and distributed 15,000 directories to cottagers in the county to let them know who our members are and where to find them. We encourage people to "Shop and Deal"

in the Highlands.

Everytime a vacationer, be they a traveller or cottager, came into your establishment last year and gave you money for goods or services you can bet that directly or indirectly they were sent by the Chamber.

If your business deals strictly with our year 'round residents remember this - tourism is the second largest industry in Ontario (soon to be the first) and it is the largest industry in this county. That year 'round resident somehow and somewhere benefited from tourist dollars and passed some of them on to you.

A recent study showed that in 1981 it is estimated that tourism accounted for \$76,000,000 in sales in Haliburton County. It also stated that about 44% of the population in Haliburton County are directly involved in tourism. It only seems logical that some of those dollars ended up in your pocket.

And that's only the half of it! Next week, the services available to our members, **don't forget:**

The Chamber of Commerce and MATA are co-sponsoring a seminar on Small Business Management Development Tuesday, November 22 at the Community Centre in Minden, starting at 7:00 p.m. Guest speakers are Ed Major, a consultant to private businesses and governments. He specializes in the feasibility of new business and the expansion of existing operations and has just completed a study of over 20 businesses in Haliburton County that was funded by the Ontario Ministry of Industry and Trade. Also speaking will be Peter Skinner, co-ordinator of the Small Business Management Development Program for the Ontario Government. Both men will be talking about small businesses in general and those in the county in particular. Everyone in business should plan to attend.

Notice of meeting: Annual Membership Meeting of the Haliburton Highlands Nordic Trail Association will be held on November 23, 1983 at 8:00 p.m. at Maple Sands Resort, Hwy. 118 and Stanhope Airport Road off the Northshore Road.

Federation of Ontario Naturalists

BY ARLIN HACKMAN

The search for solutions to modern environmental ills can lead scientists into some unlikely experiments and the acid rain problem has produced at least one prize-winning candidate. Somewhat akin to catching a greased pig, it involves tracking an inert, colourless and apparently harmless gas wherever the wind blows it across eastern North America. Not a simple matter. But already the results are helping to fit one of the remaining pieces into the acid rain puzzle.

In recent weeks, samples of a rare perfluorocarbon gas have been launched into the atmosphere at Dayton, Ohio and Sudbury, Ontario. A huge network of ground-based monitoring stations along with a squadron of airplanes have followed in hot pursuit and mapped the gas plumes as they dispensed.

The problem which prompted this high-flying research is straightforward. While the effects of acid deposition on Ontario lakes have been

demonstrated and recent authoritative American studies showed a conclusive linke between sulphur dioxide emissions and acid deposition, it's not so easy to tell whose smoking gun killed the fish in your favourite lake. And before industrialists or utility owners or state and provincial governments can agree on how to apportion the costs of clean-up, they've got to have some hard evidence of who is at fault. Until now all we've had to rely on is educated guess work.

Well, according to the scientists involved, the gas charges were successfully tracked, showing that those released in Dayton strayed twice over Ontario, while the Sudbury emissions were swept over New York State and out to the Atlantic. So it's now safe to say we've proven that the pollution causing acid rain is blown over very long distances from the heart of offending industrial areas onto sensitive wilderness areas. With modern computer programs we can now predict

Letters

To the Editor:

In reply to Sue Little's letter to the Editor regarding Haliburton County Public Library's hours I take exception to her lack of knowledge of our operation.

The Haliburton County Public Library with its headquarters in Haliburton village is open from 9:00 a.m. to 5:00 p.m., Monday to Friday. We welcome telephone calls and requests at any time in those hours. Incidentally, the ten public library branches are open various hours depending on the use made of them.

TIMBER SALE

Tenders will be received by the Ministry of Natural Resources up to and including December 13, 1983 at 12:00 noon E.S.T. for the right to cut timber on an aggregate area of approximately 31 hectares, comprised of:

Part of Lot 7, Concession IX
Part of Lots 7 & 10, Concession XI
Part of Lot 7, Concession XII
Part of Lots 9, 11 & 12, Concession XIII
in the Township of Somerville, County of Victoria and located on the Victoria County Agreement Forest.

The total sale area contains an estimated volume of 1946.9 cubic metres (approximately 63,510 cubic feet), consisting primarily of red pine, with a small component of white pine. Product potential is mainly pulpwood although some sawlog and/or small pole quality material is present as well.

Further particulars may be obtained by contacting the District Manager, Ministry of Natural Resources, Minden, Ontario K0M 2K0 (Telephone 705-286-1521.)

The highest or any tender not necessarily accepted.

Steve Kirkpatrick keeps a close eye on his own players as they scramble for the puck during a game between Bishop and Wilson and Haliburton Lumber

Monday night. The lumbermen lead the league with four wins, while Bishop and Wilson has yet to post a victory.

Huskies brilliant in tie

Goalies are hot as teams go end to end

BY BRYAN ABBS

In a clean, well played game before another excellent crowd, Haliburton Huskies and Gravenhurst Indians battled to a 4-4 tie at Dysart arena on Saturday night.

This game had everything fast skating, good passing and brilliant goaltending by Cec Gosse for the Indians and Colin Newell for the Huskies.

The first 10 minutes of the period one saw both teams skating all out, end to end, only to be stopped by both goalies.

Gravenhurst opened the scoring at 10:35 and upped the score to 2-0 at 13:07 heading for period two.

As they have done so often when they are behind, the Huskies came out flying to start the second and applied terrific pressure on the Indians. It paid off at 1:07 when Greg Newell scored from Bernie Upton and Dave Nicholls. It was all Haliburton now as they pressed for the tie and at 5:30 Scott Hamilton passed to Robb Abbs at the blue line, relayed to Greg Newell who blasted a shot past the Indian net-minder for a 2-2 tie.

The game settled down for the remainder of the second with both goalies coming up with exceptional saves.

Gravenhurst took the lead at 8:24 of the third on a scramble in front of the Huskies net. But at 12:49 Tony Scheffee tied the game at 3 each when he backhanded a shot on passes from Greg Newell and Scott Hamilton. Huskies took the lead at 14:27 when Upton scored on passes from Nicholls and Scott Arbuthnot. With 1:12 remaining the Indians tied the game at four apiece when they scored on a wild scramble in the Huskies zone.

The officials in this game were super and only eight minor penalties were called, three to the Huskies and five to Gravenhurst.

CHIPPY PLAY

Sunday afternoon saw the Huskies go down 8-6 at the hands - and sticks of Huntsville. This was a really chippy contest with Huntsville taking 19 penalties (there could have been a dozen more) and 13 for Haliburton. This game

was a direct contrast to Saturday nights.

The Huskies came out flat for this one and Huntsville scored a short handed goal at 9:19. Huskies tied things up on the first of three power play goals, Dave Nicholls from Drew Bishop and goalie Colin Newell. Huntsville went ahead at 17:58 on some sloppy clearing in the Huskies end.

Huntsville took a 3-1 lead at 8:10 of the second, but Rob Abbs blasted a shot from the point at 8:34 while Huskies were short handed and it was 3-2. Huskies tied things

up on another power play at 9:34, Bernie Upton scoring from Nicholls and Greg Newell. Huntsville tallied at 12:07 but Huskies scored two in a row, at 16:38 their third power play goal, Upton from Nicholls and Newell and at 16:54 Nicholls from Upton. Huntsville tied the game at five apiece at 19:43.

Haliburton went ahead at 4:02 when Steve Smith scored from Nicholls and Upton. Huntsville scored a short handed goal at 10:10 and went ahead at 14:41. Huskies pulled Newell with less than a minute to play in an

attempt to tie, but as often happens Huntsville dumped one into the empty net at 19:18 and that was the hockey game.

Captain Scott Arbuthnot was carried off the ice on a stretcher at the 15 minute mark of the first after being checked heavily into the end boards.

At last report he should be ready for action next weekend.

Thursday the Huskies will be in Parry Sound, and on Saturday, they'll be at home with an 8 p.m. start.

Lumbermen are undefeated

Haliburton Lumber kept its winning streak alive Monday night by outscoring last place Bishop and Wilson 6-1 in men's recreational hockey league action. Haliburton Lumber now has four wins and no losses, while Bishop and Wilson is at the opposite end, with no wins and four defeats.

In the other game Monday night, Emmerson Lumber and Curry Motors battled to a 6-6 draw, leaving the teams tied in the standings, with a win, a loss and two ties each.

In the first few minutes of the opening period, it looked like Bishop and Wilson might hold their own against the lumbermen, but it was not to be.

Nick Nicholls opened the scoring for Haliburton Lumber near the five minute mark with an unassisted goal, but Bishop and Wilson fought back, scoring at 9:10 on a two way passing play, Wayne Ellison feeding the puck to Bob Woodcock for the marker.

Late in the period Halibur-

ton Lumber went ahead on a goal by Glen Scully, who got help on the play from Larry Allen.

Play remained even for much of the second period, but at 13:37, Walt Prime added another goal for Haliburton Lumber on a three way play from Scully and Tom Curry.

with 1:57 left in the period, another well executed passing play resulted in a goal for Kevin Sisson, who got the puck from John Fitzgerald and Larry Allen.

The lumbermen added two more in the third period, as Pat Wilson netted one with help from Scully and Walt Prime got his second, assisted by Tom Curry.

There were no penalties in the game. In the late game, Emmerson Lumber and Curry Motors traded goals until late in the third period, when Curry Motors moved into the lead, only to see it evaporate into a

tie with just 19 seconds left on the clock.

Early in the first period Dean Curry scored for Emmerson Lumber, but five minutes later, Steve Roberts tied the game with help from Eric Edwards.

Gary Brohman gave Emmerson Lumber the lead with help from Bill Johnston and Brian Mulholland at 8:03, but at 10:05, Gary Burch scored unassisted for Curry Motors to tie the score at two.

Two minutes later, Kim Emmerson put his team back in the lead with help from Dean Curry, and the margin held for the rest of the period.

At 2:24 of the second period the score was tied at three as Peter Lymburner scored from Steve Roberts and Willy Greber.

Gary Brohman made it 4-3 in favour of Emmerson Lumber two minutes later on a passing play from Mulholland.

Despite the best efforts of its defense, Bishop and Wilson went down to defeat at the sticks of Haliburton Lumber in Monday night action at the Dysart arena.

Emmerson, Curry Motors battle

from page 6
land and Jerry Walker. At the half way point, Jim Burk found the mesh with help from Eric Edwards and the score was tied once more. It stayed that way until 8:15 of the third, when Mulholland teamed up with Dean Curry to put Emmerson Lumber ahead 5-4. With 2:10 left on the clock, Steve Roberts scored unassisted to tie the game, and with 1:29 left to play, Roberts fed Rick Wood, who passed to Jim Burk for the go-ahead goal. But with only 19 seconds left to play, Jerry Walker saved the day for Emmerson Lumber, scoring on a play that was assisted by Kim Emmerson and Gary Brohman to wrap up a 6-6 tie.

Cardinals, Eagles tie at lanes

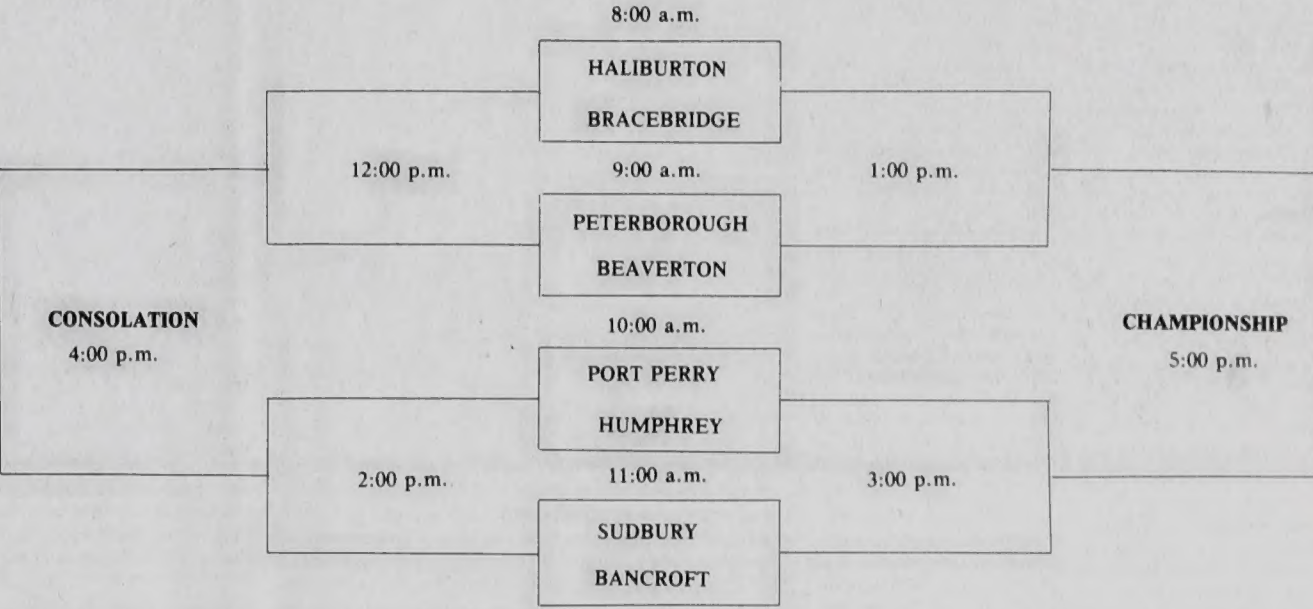

The Cardinals and Eagles are tied for first place with 33 points in the Wednesday Afternoon Bird bowling league. Other standings are Falcons 31; Robins 27; Hawks 26; Bluejays 16. Bowling over 200 on October 26 were Gord Bennet, Mima Burwood, Ev Stata, Jim Grant, Laura Fagan, Kay Barry, Norma Parish, Garnet Fagan, Marlene Nimigon, Harry Henderson and Harold Kirkpatrick. Over 200 on November 2 were Gord Bennet, Norma Hodgson, Mary Parozanin, Wilbert Gibbs, Laura Fagan, Mary Lou Bird, Kay Barry, Ev Stat, Betty Bennet, Mima Burwood, Muriel Peters, Frieda Handy, Jim Grant, Ev Perrin, Harold Kirkpatrick and Sybil Hunt. Harry Henderson is still in the lead in High single flat at 279, high single flat with handicap 306 and high triple flat - 727. Other scores high single ladies flat - Dorothy Baker - 270. High single with handicap - Betty Yateman - 323 as well as high triple with handicap 791. High triple with handicap Wilbert Gibbs - 820. High triple men's flat - Mary Lou Bird 647.

Change in weather makes hunters happy as second week underway

Cold weather, snow and a larger deer herd than in past years have combined to make this year's deer hunting season an apparent success. Hunters "seem to be quite happy" with the hunt, according to Dave Atkinson, Fish and Wildlife supervisor for the Minden District of the Ministry of Natural Resources. As of Monday morning 35 jaws and hides had been turned in to the Minden District office by hunters, Atkinson said. The jaws are examined to determine the age of the deer, while the hides are shipped to a tannery in Barrie and then given to native Indians, who use them to make clothing for resale. The program is voluntary, but hunters receive a crest for submitting a jaw and a cap for turning in the hide. Reports from area hunt camps are not completely tabulated before Christmas, so the total number of deer killed in the county will not be known until then, but Atkinson said he imagines the kill rate "will be up considerably from last year." "It looks like a really good hunt" he said. Conservation officers have laid about a dozen charges in the district Atkinson said. These have been for firearms and license offenses, but at least one moose is known to have been shot out of season. The killers eluded MNR officers, Atkinson said. Minden OPP have investigated trespassing incidents related to the hunt, but no hunters had been injured or become lost as of Monday. The hunt continues through Saturday.

Number of animals killed won't be known for at least a month

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Senior League

By BERT HARRISON

Dear Readers: we have had a taste of winter but now the snow has gone. No matter what the weather we must carry on. A lot of our residents have bad colds. We are not young any more, we are growing old. We have our 'super' down with the flu, our kitchen supervisor, Mark Schell, with a sore throat and arthritis too, and Arni Wright with a bad back.

There was a nice service in the chapel Sunday night with the Thompsons taking part. Everything went smoothly right from the start. Monday morning down at Fun and Fitness Doris Vaughan won the game we played for all to witness. We welcome the Drysdales back from their home at Maple Lake - Carrie likes in Fun and Fitness to partake. Linda showed us movies Monday night - "Salmon Running", "The Railroad" which tried to make you laugh if you tried to stay sober.

Tuesday morning Rev. Wick of the Minden Gospel Church held a very interesting service here. He spoke of a different part of the Bible leading up to Christmas. He said the people living in darkness saw a great light "The coming of the Lord" which was only right.

Tuesday afternoon Doris took some of the residents for a bus ride just for some fresh air around the country side.

Having a birthday Wednesday was Ada Allcorn. She didn't tell us the year she was born. Brother Sinclair and wife dined with her here. The sympathy of all of us goes to Art Young and family in the passing of Mrs. Violet Young.

We are sorry to report Arnie Wright off duty. It makes more work for Olive Hamilton. She works quietly away and we thank her for a job well done.

Wednesday night Earl

Cooper was to have played the music here, he said, "Oh, shucks." He sent Cathy Owens and Al Smith to play and went hunting bucks. They did a good job - the music was fine. They are welcome here most any time.

Thursday morning the Friendship Group came to entertain us here. They are dedicated Christians witnessing for the Lord and they are so sincere. Rev. Wicks brought them here, I know, he thinks them great. They were to have been here Wednesday afternoon but they arrived too late.

We have some ladies here whose hands are seldom idle. This week I will mention four. Next week I may tell you more. Annie Cox, Margaret Gainforth, Ruby Lewis and Christina Precor and I might add Mary Oliver and Ina McGuire. They knit af-gans, scarves, mitts or whatever you require. If you want someone to knit a good pair of socks just get in touch with Annie Cox.

Haliburton ladies brought in the tea party lunch this Thursday and even washed up all the cups before they went away. Thursday night Kinsmen members, Paul and Mary Travers, Don and Yvonne Nye came and called Bingo numbers and weren't a bit shy.

Friday was sing-song time - you see it was Remembrance Day of those who gave their lives that we may be free. Friday night Payne and Deacon came along with Don Burch. Now here are the boys who sing and play - but not in church. Don sure adds to the trio and is really smart. He not only plays the harmonica, but also the old jews-harp.

The Best Wind Whatever way the wind does blow Some heart is glad that is so. So blow it east or blow it west The wind that blows, that wind is best.

Ed and Pauline Miller celebrated their 55th wedding anniversary on Saturday with a family gathering at their home near Haliburton. The couple were married November 14, 1928 at the home of Pauline's parents, John and Laura Bird, and have lived in Haliburton

ever since. The couple purchased a general store in the village in 1954 and ran it until 1978, when it was sold. They have four children, two boys and two girls, six grandchildren and two great grandchildren.

Board of Education minutes

A regular meeting of the Haliburton County Board of Education was held in the Board office on Tuesday, October 25, 1983, commencing at 8 p.m.

Present were: Nancy Stinson, Chairman of the Board, Ross Anderson, Bonnie-Lee Berry, LeRoy Eager, Julie Hunter, Dorothy Kinsman, Linda Mumford, Cheryl Murdoch, Dr. Blair Pierce, Leonard Salvatori, Brian Sisson, George Simmons, David Villard, Paul Wilson, J. Douglas Hodgson, Stanley Baker, Leonard Pizze, Haliburton County Echo, Mr. and Mrs. Keith Oitment and Leigh Mann, Jim Garbutt - Minden, Rosemary Kenney,

Martha Jack, Faye Maddock - CHACE Place. Absent was: Kelly Crick.

Keith Oitment acted as spokesman for his delegation. The Chairman of the Board asked him to make a statement. He said that since the bus run of the Bob Lake Road north of Minden had been changed and the students no longer had to go up the steep hill at Stamps, the people were generally pleased and would give it a fair try. He stated he was concerned about the time the students arrive at the school and wanted assurance there would be supervisors present. The Director of Education stated that the Archie

Stouffer Elementary School has a person on duty at 8:25 a.m., which was the reason for holding up the bus to that time.

There was some discussion about tying the Queen's Line children in with the Brady Lake run. It was decided to let the route exist as is for the present.

Mrs. Kenney introduced Mrs. Martha Jack of the Ministry of Community and Social Services and Mrs. Faye Maddock, Director of CHACE Place. Mrs. Jack outlined the Day Nursery situation in the County. There are presently no publicly supported units. The Ministry of Community and

Social Services thought by funding CHACE Place it would be a way of helping the programmes for children and parents. The funding amounts to \$42,000 per year. CHACE Place is hoping to have more connection with other communities throughout the County in the future.

Mrs. Kenney explained how the organization was established. They are incorporated now and are hoping to be recognized as a charitable organization for purposes of income tax deductions. There will be an election in April, 1984 at which time some new directors will

Home Support News

By MARIE WALLACE

I think that most of us find exercising boring, but we know that we feel better when we do exercise. Our bodies were made for activity and without regular exercise they just will not function at an efficient level. It is not age, but lack of exercise that makes us stiff and numb. Activity helps our body maintain its youthfulness.

We are told that 90% of adults breathe improperly and our body and brain need a continual supply of fresh oxygen to function smoothly. It is not necessary to do difficult exercises and we are cautioned not to move too quickly - just at a rate which most comfortable for us!

Fun and Fitness is a part of the Home Support program and every Thursday from 11 - 11:30 a.m. seniors exercise together at the Drop-In Centre adjacent to our office in Haliburton (across from Emerson Lumber). This group

is conducted by Connie Love who attended an Instructor's course designed by the Canadian Red Cross Society especially for seniors.

You are invited to come along each Thursday morning and participate - inform your doctor if you are in doubt. Fun and Fitness can be held at the Senior Apartments in both Minden and Haliburton if the residents there would be interested, just call me at 457-2941.

May I remind you also, that we sponsor a "Senior Swim" on Monday and Wednesday afternoons at Locarno-on-the-Lake where you can enjoy the whirlpool, sauna and pool. Treat yourself!

If you would like to get in shape at home, we have a little illustrated exercise plan - especially designed for seniors and if you call me at 457-2941 I will mail it to you, or drop in when you are in Haliburton. Exercise and feel better.

Youths can get farm work

A program to give about 100 young people jobs on Ontario's farms will see the Ministry of Agriculture and Food underwriting half of the cost of their wages under the Youth Secretariat's Winter Experience '83, minister Dennis Timbrell has announced.

The plan is aimed at young people between the ages of 16 and 24 who are actively seeking work and have been unemployed for at least 12 weeks.

"This hard-pressed segment of our labour force will have the opportunity to gain valuable experience that could lead to future employment and promote understanding of life on today's farms," Timbrell said.

Young people taking part in the program will be employed for periods of 12 to 19 weeks beginning November 1, 1983 and ending March 16, 1984. They will be paid \$3.50 per hour based on a

40-hour week with the government and the farmers hiring them splitting the cost.

"With the experience they gain, these young workers will have a better chance to find jobs in agriculture; last year, 65 percent of those in the program stayed on the farm or found other employment," Timbrell said.

The program runs during the winter months to ease unemployment and give the farmer more time to teach and demonstrate general farming practices.

The program also offers the chance for farmers to tackle jobs they might not otherwise be able to do by themselves.

Application forms are available from the local offices of the Ministry of Agriculture and Food, the Farm Labour Pool or by writing: Winter Experience '83, Guelph Agriculture Centre, Guelph, Ontario

Board of Education minutes

from page 8

be named.

Mrs. Maddock then spoke about the activities at Lakeview Centre. It is open from 10 a.m. to 4 p.m. Monday to Friday and from 10 a.m. to 2 p.m. on Saturdays. There are about 80 families using the service. Fee charged is \$2.00 for the first child in a family and \$1 for each additional child. There are 110 fee paying children.

A reference library is available for parents and has 60 members. There is a rental service offering such things as cribs. There has been an attempt to have other groups use the CHACE Place facilities - e.g. Yoga for Parents; Doug Logan of the Behaviour Modification Programme/Trent University uses the facilities; local play schools groups in the area have been associated with CHACE Place; the women's group of the United Church meet there, etc. There are two paid staff members.

Correspondence was read and the following resolutions were passed:

The Haliburton County Board of Education approved the request for leave of absence for the last two or three weeks of June, 1984 as requested by Edward Reid, without pay.

The Board allowed the children of the Senior Elementary School to go on a field trip to the Frost Centre from November 30 to December 2, as requested in David Kennedy's letter of October 6, 1983.

The Board approved the request of Gloria Tomlinson for maternity leave for the period of January 3, 1984 to June 30, 1984.

Sid Cooper's request for leave of absence on November 11, 1983 to go deer hunting was denied.

A petition was received from citizens with regard to the exchange site at the Ingoldsby Road and Highway 121. It was their feeling this was not a safe situation for their children. The matter was referred to the Transportation Committee.

Stan Baker distributed a proposed policy statement regarding the use of schools. The members of the Board adopted the statement as

amended.

Expenditures for the month of September, 1983, in the amount of \$659,760.20 were approved.

The Board will provide a third telephone line at the Secondary School in order to make it easier to call in.

The Board approved the minutes of the Special Projects Committee meeting of October 18, 1983 as read.

The recommendations made by the Special Projects Committee and adopted by the Board are as follows: The Dorset Community and the Municipal Council of Sherborne et al will be informed that the Dorset Elementary School is a candidate for closure on June 30, 1985; and the staff of the Haliburton Highlands Senior Elementary School will be reduced by one teacher for September, 1984. All other elementary schools will remain as in the present school year.

Doug Hodgson reported that the Workers' Compensation Board will now grant coverage for Cooperative Programme students and students granted early school leaving.

Hodgson also reported that permission has been granted by the Ministry of Education to have Haliburton County served by the Nipissing University College for purposes of continuing education. Dr. Barnett is the Director of this programme. Teachers will be surveyed, regarding courses they may be interested to take next summer. Courses such as Computer Science, Visual Arts and Special Education, Part II are being considered at this time.

There was a discussion about charging for the use of school space for summer courses. The Board members decided that due to the fact Nipissing University College would be serving local teachers for the most part there will be no charge.

Hodgson spoke about the Ontario Assessment Instrument Pool documents and the use that is being made of them in the schools.

Ross Anderson reported on the progress of the Co-operative Evaluation and Development of School Systems committee.

The director has received a proposed Agenda from the secondary school teaching staff to deal with at a Liaison Committee meeting. The Board members appointed to this committee are: Bonnie-Lee Berry, Cheryl Murdoch and Paul Wilson. The meeting will be held on Thursday, November 24, 1983 at 8 p.m. in the Board office, subject to the approval of the teacher members of the committee.

The policy regarding the transfer of students within the county was approved as follows: Parents wishing to have a student transferred from the assigned school of their attendance area to a school of another attendance area must apply in writing to the Director of Education by May 1 in the year that they wish to transfer in September. These applications will be considered by the Special Projects Committee, and the Director of Education of the Haliburton County Board of Education during the month of June. The Haliburton County Board of Education will only transfer students at other times of the school year where an extremely serious

situation exists.

David Villard reported that Mrs. George Fuller of Dorset is requesting transportation for her son to attend high school in Bracebridge rather than Huntsville. She said there are other parents in the community who would also like their children to go to Bracebridge. The members of the Board stated they did not choose to change the present situation of Sherborne et al students attending the Huntsville high school.

Cost of education data was distributed.

The members of the Board requested the Director of Education to gather information from the schools regarding libraries.

A letter was received from Mr. Joe Salvatore of Stuart Cauley Architects. This matter will be dealt with at the November meeting.

The Board went into Committee-of-the-whole, and later returned from the Committee-of-the-whole and reported back to the Board.

The meeting adjourned at 12:04 a.m.

Earl Cooper listens solemnly as Don Wright plays the last post during Friday's Remembrance Day ceremonies at the cenotaph in Haliburton. The cold,

snowy weather conditions did not appear to have reduced participation in this year's ceremonies.

Bicroft Township council minutes

At a meeting of Bicroft Township council October 27, the following matters were considered:

Council concurred with the resolution from Wellington County regarding the lack of restraint by school boards in their budgets.

Council accepted Cardiff Township's proposal to plough and sand Bicroft Townships portion of the Dyno Road at a cost of \$15 per trip.

Mr. and Mrs. Kurt Bauer and Mr. & Mrs. Robert Riddell attended the meeting. They requested necessary changes to the present drainage system be made to allow the surface water to run away from their front lawns more quickly. Council agreed to take grades in an effort to rectify the problem as soon as time permits.

David Reeves attended the meeting. He was concerned

with the fact that Council had requested that he refrain from parking the transport cab he drives in the Residential Zone. Council agreed to review the present zoning by-law to ensure that it is not unnecessarily restrictive. They pointed out that this did not give him permission to continue bringing his truck into the Residential Zone.

Council will assume its portion of wage costs incurred by the Township of Car-

diff to operate the Travel Information Centre on Highway 28 in 1983 in the amount of \$548.75.

Council's representative to

the proposed joint committee to pursue the preparation of a joint tourism brochure with the Township of Cardiff is Councillor A.L. Dickinson.

A grant of \$500. was requested from the Provincial Secretary for Social Development for the purpose of

District News

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Norland Natter

By KELLY GRAHAM

It looks as if most of my news this week is going to come from the Norland and Coboconk Public Schools so I guess I had better get started.

First, from Coboconk Public School: on Wednesday, November 16 the primary students (K-3) will be attending a performance of the play "The Sandwich" at the Academy Theatre in Lindsay. The play was written by a Canadian author, Ian Wallace and will be performed by the National Tap Dance Company of Canada.

Recently some students from Coboconk school took part in a county-wide "Dairy Queen Halloween Safety Poster Contest" sponsored by CKLY in Lindsay. The following were winners in their age categories: Mandy Benoit (grade 1) Melanie Foster (grade 1) Jonathan Parker (grade 1) Michael Dinwoodie (grade 2) Tara Lee Rea (grade 7) Tammy Bradimore (grade 8).

Again this year, a number of Coboconk students assisted UNICEF with its annual Halloween collection. The students collected \$54.72.

And, last but not least, the Coboconk school will be holding a meeting for parents on Friday, November 25 at 9:30 a.m. The new primary-junior mathematics curriculum will be discussed. If you plan to attend, please call Mrs. Powell at the school so that enough materials can be prepared in advance.

Well, that's it for Coboconk - now for Norland Public School. The students at Norland are participating in house league teams. The results to date are: Lisa

Kay's Foxes 28 points, Tammy Bryant's Superstars 21 points, Tracy Davis' Hawks 26 points, and Jeff Davis' Blackeagles 3 points.

The senior girls' and boys' soccer teams were a credit to the school and the community for their sportsmanship at the soccer tournament in Lindsay on October 25. Both teams got as far as the consolation finals, which meant that they defeated schools of a much greater size.

The pupils who entered the cross-country run at Emily Provincial Park on October 12 did an excellent job. Our best placements were Quentin Greer 4th, junior boys, Charlene Smith 21st, junior girls, Lenny Greer 22nd, intermediate boys, Mike Cooper 24th, intermediate boys, and Jean Harrison 24th, senior girls.

Many thanks are extended to the parents, teachers, and pupils who made the recent walk-a-thon such a great success. Top contributors were Rhonda Riorden \$76.94, Tammy Bryant \$63.50, Brandi Grozelle \$58.00, Andrew Adams \$41.45, Patrick Lee \$29.70.

There will be a Home and School meeting on Wednesday, November 16 at 7:00 p.m.

The Home and School is holding a White Elephant Sale at the community hall on Saturday, November 19, from 10 a.m. until 2 p.m. Serviceable, small household items, books, toys, etc. may be dropped off at the school prior to the sale if you wish to donate them (no clothing please). If you have a large donation, would you please call Brenda Chynoweth 454-

8102 who will arrange to have it picked up.

The pupils of grades 3 to 8 are raising money this Christmas season for activities such as the cost of buses for skating, etc. The students will be selling cans of dry, roasted nuts. The cans contain 369 grams and sell for \$3.00. They would like to begin selling the nuts in the week of November 25, 1983 and be finished by December 7, 1983.

The winner of Shirley Harrison's free Wintario ticket last week was Mary Johannson.

Darrell and Laura Janke of Norland recently returned home from a week-long trip to the Bahamas. While there they stayed at the Jack Tar Village and enjoyed such activities as sailing, deep-sea fishing, snorkeling, golfing, and swimming in one of the largest pools in the Western Hemisphere. Darrell won three contests, best tan, best moustache, and best physique. And Laura entered a talent contest with over 200 contestants! Whew! Sounds like they had a good time!

Congratulations to Elsie Hoskin who recently celebrated her 89th birthday. May she enjoy many more happy years.

Some of you may have noticed some work being done on Norland's main street. Do you find the machinery noise offensive? Mr. Bear didn't, he ambled right to the edge of the highway startling Pat Potter of Norland who is helping to direct the work.

The local men's hockey scores for last week were as

follows: the Gravelers defeated the Generals 11 to 5 and the Taverneers swiped the Excavators 9 to 5. The team standings so far this season are the Taverneers in first place, the Excavators second, the Gravelers third, and the Generals fourth.

A great many friends and relatives gathered at the Norland United Church on Saturday, November 5, to help Raymond and Hazel Gostlin celebrate their 50th wedding anniversary. Among the many gifts presented was a floral arrangement from the local council. They were also presented with a plaque and a history of Victoria County from the County Council. Many present were heard to remark that Raymond and Hazel looked as if they should be celebrating their 25th - not their 50th.

The euchre scores for Thursday, November 10 are: Ladies' high, Susie Lightfoot; ladies' low, Alison Dunbar; men's high, Kim Watson; men's low, Ken Bowins.

Alex Graham is now walking around the hospital and raving to get home and plan his ice-fishing trips. (Way to go, Uncle Alex). If you are in Lindsay, I know he would love a visit, (although I'm sure he hopes he will be home by the time this is published).

Driving in rain

A heavy rain means potential danger for a driver. The water lifts accumulated oil from the pavement and causes intermittent "slicks" until the oil has been washed away.

Gooderham News

By MARY HADLEY

Ruby Maxwell died in the Haliburton Red Cross Hospital on Tuesday, November 8 in her 83rd year.

She was born in Gooderham, the eldest daughter of Solomon and Mabel Hadley and lived here all her life. Her husband, William Maxwell, predeceased her 20 years ago. He was local postmaster and on her death, Ruby continued as postmistress.

Surviving are: her family, Aubrey, of Minden, Grace of St. Catharines, Garnet of B.C., Birdie of Barrie, and George of Edmonton; 16 grandchildren and several great grandchildren; three brothers - Roy, Garnet and Edward, and one sister, Violet Dovel.

Funeral services were held in the Pentecostal Church on Friday afternoon. A large number of relatives and friends gathered to pay tribute to a lady who was much loved and respected.

Rev. Mr. Sauve spoke of her independence, her sense of humour and her exemplary Christian life. Until quite recently she attended the weekly quilting parties at the Pentecostal Church which she enjoyed and to which she brought her quilting skills. Many quilts were made for fire victims and for other worthy causes - an example of her desire to serve others.

As a special request, the hymn "Beulah Land" was sung and Rev. Sauve accompanied himself on the organ as he sang: "Beyond the Eastern Gate". Pallbearers were: her grandchildren: Cindy McGaughey, Bonnie Maxwell, Malcolm Maxwell, Ernest Bain, John Percy and a nephew, Dale Dovel. In-

terment took place in Glamorgan Cemetery.

Our community expresses its sympathy to the sorrowing family.

Remembrance Day services were held November 11 at the Cenotaph. Rev. Sauve welcomed the gathering and, after a prayer, called upon the reeve, Bob McCausland, who spoke briefly on behalf of Glamorgan Township.

The school children, with their teachers, Chris Bailey and Jane Miller, marched from the school and assisted with the program. Jason Stamp read Col. John McCrae's memorable poem, "In Flanders Fields."

The first wreath on behalf of the Province of Ontario was laid by a veteran, Albert White. Two more wreaths were placed by school children: Tony Billings, Jamie Billings, Jamie Manley and Jason Davidson.

The music supervisor, Mr. Glidden, then led the pupils in three songs: "Scarlet Poppies", "Remembrance Day Song", and "It's a Small, Small World." These numbers from the school were well received and added much to the impressive service. It is always a delight when the children make their contribution.

Rev. Sauve spoke briefly. He said we were commemorating the end of a war, which should have ended all wars. Those old enough forgot the terrible insanity of war with the onset of Armistice.

Peace is a wonderful, beautiful, meaningful word, speaking of life, restoration, and reunion. Of course we have to defend our rights and freedoms and that often

makes war a necessary evil. Even today the threat of nuclear war hangs heavily upon our minds. The angels announced, "Peace on earth, good will to men" in Bethlehem.

But that peace on earth will only become reality when men learn to allow the Prince of Peace to rule in their lives.

Merle and Ann Pickens of Timmins spent last weekend with Merle's mother, Mrs. Mae Pickens.

Delbert and Alma Wait and Melville of Newmarket, and Verona of Toronto were in Gooderham last Friday for the funeral of their aunt, Ruby Maxwell. Also present were Mary Maxwell and her son, Jerry of Marmora, Mosson and Beulah Robson of

Fenelon Falls, Max and Marion Hartin of Port Perry. I hear that Edith Dewey was successful in the hunt, having shot a deer. Good work, Edith!

Several friends gathered at Graham's Restaurant last Sunday for dinner on the eve of Gordon and Beulah Barr's departure to Lakeland, Florida, for the winter months. They expressed wishes for a safe trip and a happy holiday.

Violet Billings has returned to her home after an extended stay in Clinton with Ruth and Robert Madill. Unfortunately, Ruth had suffered an injury to her foot, necessitating a cast and crutches for some time. We are glad that she is now able to move about more easily.

Carnarvon News

Mrs. Shirley Edwards of Niagara Falls is visiting with her relatives in the area.

Mrs. Bob Fletcher spent some time with her daughter and husband, Mr. and Mrs. W. Marlowe of Scarborough.

Mr. Bill O'Reilly Jr. of Campbell River, B.C. has joined his wife and son who have been here for a few weeks visiting with relatives.

Mr. and Mrs. Les Dennison of Toronto were guests of Mrs. Grace Renouf this weekend.

We are sorry to report Jim McKay is a patient in the Ross Memorial Hospital.

Mrs. Bill McKay has gone to Toronto to visit with her mother, Mrs. Sadie Darling.

Mrs. Muriel Hewitt has left to spend the winter in southern Ontario.

There is a lot of activity going on in the Carnarvon Gift Shop and grounds. Rumour has it, it could be a restaurant at some later date.

Quite a few hunters around got their deer but there were many who did not. Better luck next time, guys.

Sunshine Sisters take notice: the annual Christmas party will be held at the Stanhope Library on Monday, December 12.

It is with regret that we learn of the death of Mrs. Arch McKay who has been very ill in Peterborough hospital for the past couple of months. She passed away on Sunday, November 13. Condolences to the family.

A Small Business Management Development Seminar

Tuesday, November 22 - 7:30 p.m.

at the
MINDEN COMMUNITY CENTRE

The Speakers will be:

Mr. Edley (Ed) J. Major, Wilson-Major Ltd., Management Consultants

Mr. Major is senior consultant for General Management and Human Relations specializing in the feasibility of new ventures and expansion of existing operations.

He is a consultant to private companies in the U.S. and Canada, The Ontario Ministries of Industry and Tourism, Northern Affairs, Employment and Immigration and The Federal Business Development Bank, to name just a few.

Mr. Peter Skinner - Co-ordinator - Small Business Management Development Program, Ontario Ministry of Industry and Trade Queen's Park.

Mr's Major and Skinner will be speaking in regards to the just completed Small Business Management Development Program here in Haliburton County and will be most interesting to anyone currently in business or contemplating starting a business in the future.

Both Gentlemen will be available for discussion later in the evening.

**Refreshments Will Be Served
All Are Welcome**

Kinmount Korner

By MILLIE MOSS

Twenty tables of cribbage were played and enjoyed by the Legion ladies when the Tourney was held Saturday, November 5. Haliburton teams were the overall winners. Kinmount team #2 held fifth place so goes on to play Haliburton on November 19 in Haliburton. Dinner was enjoyed and presentation of trophies followed. Nora Tomlinson of Cannington, Gwen Cox of Minden, Phyllis Montimiglio, Lindsay and Ruth Menard, Kinmount were the ladies who took care of this part of the enjoyable day. The Kinmount #2 team consists of Helen Jones, Vi Crego, Vivian Anderson and Nora Brandon. Good luck ladies.

There's been a few deer seen on fenders. A big buck has been almost hit more than once, I'm told, by cars, on Highway 503 near the swamp when he's come out onto the road and that was before the hunting season.

Mary and John Pyke along with Helen Graham enjoyed the company of Amy Coker of Utterson for a couple of days last week.

Happy birthday to Joe Crego on Wednesday, November 9.

Alex Graham is still a patient in Ross Memorial but is improving.

Cindy Hill is feeling better following her bout of tonsillitis.

Margaret and Sam Telford aren't in the best of health these days and here's hoping all our friends are well soon. I'm told that Pearl Cowen is now home in Minden, from Ross Memorial, so that is good news. Frances Weaver is having some back problems and will be attending doctors for a while. Bill Moss Jr. will be in hospital once again, in Toronto, next week to undergo further surgery. June and Bill Cooper's son is coming along very slowly following his serious industrial accident. Virginia Barkwell is in hospital as of Wednesday, November 9.

Ken Scott is a little better now after suffering leg/back pains for some time. I sure hope all our sick people are well very soon because it's less than two months to Christmas and nobody should be sick then.

I enjoyed the company of nine local ladies one afternoon last week and Stephanie Foster of Orillia who paid me a very pleasant but unexpected visit on the morning of Friday, November 11, Remembrance Day.

Results of the Galway euchre players: ladies' high, Marge Morrow; ladies' low, Muriel Nightingale, men's high, Leon Wright, men's low, Ted Lownsbrough and most lone hands, Jim Nightingale.

Cyril Watson of Toronto was a most welcome guest at the home of Clara and Ambrose Watson on Howland Junction Road last week and on Wednesday, November 9 he and Clara travelled to Bancroft where they combined business with pleasure by enjoying a dinner.

Results (late) of the C.W.L. euchre held October 25 were: ladies' high, Florence Schlosser; ladies' low, Lil Porter, men's high, Ambrose Watson, men's low, Aileen Brown and lone hands, Flo Schlosser. There were seven tables of players that evening.

The November 8 C.W.L. results were: ladies' high, Nora Crego; ladies' low, Verlie Young, men's high, Dick Holbrook; men's low, Bill Menard; lone hands, Vi Cooke. This affair boasted eight tables of players.

Clara Watson, Ruby Schell, Aileen Brown, Nora Brandon enjoyed themselves thoroughly on November 3 when they attended the Anglican Parish Hall card games at Minden.

The last annual event of the year will be St. James Anglican Christmas Bazaar and Luncheon to be held Saturday, November 26 from 11 a.m. to 3 p.m. at the

Kinmount Community Centre. For \$1.50 you'll enjoy a terrific lunch. There will be a bake table, "country store", gift table, white elephant table, and a small rummage table. I'm told that old St. Nick will even be there so why not you? It's the event of the year so come and spend a pleasant time with friends.

Joyce Hills spent her Thursday morning, November 10 in Fenelon Falls while I had a pleasant visit with Laura Gaunt at her Head Lake home.

I hope Helen Jones is feeling better soon.

Be prepared: Kinmount Girl Guide Troop #1 will be around soon selling fruit cakes at \$4 each. I remember, I was a girl guide once, about a hundred years ago. At that time we wore black stockings with our blue uniforms and a large brimmed navy hat along with the heavy leather belt at our waist. I wonder what ever happened to it? I sure had a

lot of badges on the dress too.

Try this nutty treat when you find the time: "Peanut Blossoms": 1 1/4 cups all purpose flour (sifted), 1 tsp. baking soda, 1/2 tsp. salt, 1/2 cup shortening, 1/2 cup peanut butter, 1/2 cup sugar, 1/2 cup firmly packed brown sugar, 1 egg, unbeaten, 2 tbsps. milk, 1 tsp. vanilla, granulated sugar for rolling, chocolate candy kisses. Sift together flour, soda and salt. Cream shortening, peanut butter, sugar and brown sugar. Add egg, milk and vanilla to creamed mixture, beat well. Blend in dry ingredients gradually, mixing thoroughly. Shape dough by rounded teaspoons into balls. Toss in sugar; place on ungreased cookie sheet. Bake at 375°F for eight minutes. Remove from oven and place a solid milk chocolate candy kiss on top of each cookie, pressing down so that cookie cracks around the edge. Return to oven; bake two to five minutes longer. Makes about three dozen cookies.

By PHYLLIS BRISCOE

"Advice is what we ask for when we already know the answer but wish we didn't."

Well, we can make our own decisions as to what type of winter we can expect but I got it straight off the TV when a gentleman with a great deal of knowledge and experience expressed the belief that we would enjoy a mild one, due to his observation that nature had not provided for the squirrels, there being a short supply of acorns and hazelnuts for them to hoard and also that the black bands on the caterpillars were very wide when they should have narrowed down if the winter was to be severe. I think we may as well go along with the old Indian who predicts what kind of winter we will have by the size of the white man's woodpile.

It was a shocker Friday morning to get up and find five or six inches of the white stuff on the ground. The forecasters had predicted something quite different. But by the time this is in print a different picture is painted. We hope this is true as most of us over 40 or so don't go into fits of ecstasy at the sight of snow. No complaints, mind you, as we have had an abundance of good weather, but we are greedy enough to hope for some more. After all, we are only human.

We would like to welcome Murray McEachern home again after he spent several weeks in hospitals in Toronto and Huntsville. Having had major surgery, he is recuperating at home. We wish his complete and hasty convalescence.

The date for the Christmas bazaar sponsored by the Anglican Ladies and the Dorset Guide company has been changed from November 30 to December 7. The reason for the change is that the Anglican minister, Father Ray Porth, is being ordained on November 30 at

Sault Ste. Marie. A bus will be taking as many of the Anglican Lake of Bays Mission parishioners as wish to make the trip to attend the ordination.

Our school trustee, Dave Villard, who represents this area on the Haliburton School Board, is holding a meeting at the Dorset Community Centre on November 28 at 7:30. It is more or less a

"meet your Trustee get acquainted" meeting for parents or ratepayers, who may air their complaints, ask questions and discuss anything you have on your mind.

The Dorset Senior club are in the process of purchasing a used colour TV, mainly for the use of video taped movies, which may be rented locally for an evening's entertainment. A good many of

the better, current movies are available so it should be a worthwhile venture.

The Foot Clinic will be held on Wednesday, November 16 and there will not be a clinic in December.

H.H. No ironing board is necessary for wrinkled clothing. Put the wrinkled articles in the drier, toss in a wet wash cloth and tumble for 10 or 15 minutes. No wrinkles.

Minden news

By MAIZIE AUSTEN

There will be a teen dance at the Minden arena Friday, November 18, at 8:00 p.m.

There is public skating every Sunday from 2:00 to 4:00 p.m. unless there is a hockey game that day.

Bert Harrison has returned from hospital. We hope he is feeling better.

A speedy recovery to Pearl Cowen following knee surgery.

If you have any news for me to print please call 286-3607.

A bear has been seen several times in the field around the home of Marie Austen and Bill Dennison.

The Alton hunters got a 500 pound bear last week.

Hunters claim there are a few more deer this year and also more sign of moose in the area.

Mini card party winners last week were the following: cribbage, Diane Stevens and Cora Hewitt; euchre, lone hands, Marg McAfee, Gladys Wruth and Lil Porter.

Tim and Brenda Carroll of

Lake Nipigon have returned home after visiting family and friends in Minden and Haliburton area.

Mrs. Gordon Swanton of Kinmount has returned home. She has been visiting her family in the Minden area.

Get out and support local hockey teams. Games upcoming are: Atoms: Saturday, November 19, 1:30, Port Carling at Minden, Monday, November 21, 7:00, Minden at Bracebridge. Pee-wees: Saturday, November 19, 2:30, Port Carling at Minden, Sunday, November 20, 4:30, Minden at Port Carling. Bantams: Saturday, November 19, 4:00, Port Carling at Minden, Monday, November 21, 8:30, Minden at Bracebridge. Juveniles: Friday, November 18, 8:00, Huntsville at Minden, Sunday, November 20, 8:30, Minden at Huntsville.

A thought for the day: Today is the tomorrow you worried about yesterday.

Curling is underway. Ladies curl Monday, 8:00 p.m.

to 10:00 p.m. Men, Tuesday, 8:00 p.m. to 10:00 p.m. Mixed, Thursday, Friday, 8:00 p.m. to 10:00 p.m. Ladies play Wednesday afternoon, 1:15, seniors Monday and Friday afternoons at 1:30 and juniors Tuesdays at 5 p.m.

The Curling Club are looking for more curlers between the age of 12 and 18 years. Anyone interested call 286-3264.

The curlers are also trying to get Wednesday evening curlers out. They are thinking along the lines of interested players who are on shift work, etc., curlers who may not be able to get there regularly. Anyone interested call Donna Dillon 286-1520.

The curlers are having a pot luck supper December 3. Anyone planning to attend please get in touch with Anita Beaver 286-3264.

There will be a workshop evening at the Cultural Centre November 23, 7:30 - 9:30. Share and Learn. Bring a Christmas craft and learn another.

Did you know?

By RUTH FOSTER

Did you know that if you are between 60 and 65, and

are between 60 and 65, and married to, or living as husband and wife with a person who is receiving the Old Age Security Pension and the Guaranteed Income Supplement, you may be eligible for a Spouse's Allowance?

Health and Welfare Canada will pay you a benefit that is calculated on your combined incomes. Another qualification is that you must be a resident of Canada.

There are many different benefits that you may be eligible for through Health and Welfare Canada. I will

be speaking about Government Pensions, Family Benefits and Supplements at the Haliburton County Home Support Services seminar on November 25, 1983. The seminar will be held at the Pinestone Inn at 10:30 a.m. For further information on this seminar or lunch reservations please call 457-2941.

The County Information Centre is here to answer your questions. So, drop in sometime, we are located at the Drag River Municipal Building in Haliburton. Or call us at 457-2733. We are open Monday through Friday 10 a.m. to 4 p.m.

And remember, you will never know the answer until you ask the question!

revoke by-laws 82-14 and 82-16, was passed.

By-law 83-22, a by-law to authorize the sale of certain lands within the Corporation of the Township of Monmouth, was passed.

The proposed work on

Cope Creek does not contravene any Municipal Policy re part lot 31, conc. 10, council noted.

Council requested the Ministry of Municipal Affairs and Housing to assist with a housing survey in Monmouth Township.

PUBLIC NOTICE

VICTORIA COUNTY OFFICIAL PLAN

TAKE NOTICE that the County of Victoria will hold three Public Meetings to consider a proposed Amendment to the Victoria County Official Plan under Section 17 of the Planning Act. The proposed Amendment is a result of the Five Year Review of all of the policies within the Official Plan. There are a number of minor changes with major changes in the Agricultural, Rural, Pits and Quarries, Resource Reserve, Hazard Land, Shoreline, General Commercial and Highway Commercial designations. The policies with respect to the division of land being the Consent Policies are being revised. The development control and implementation section will contain new policies with respect to waste disposal, alternative notice for amendments, site plan control and community improvement. All of the schedules within the Official Plan are being updated and revised with changes in the land use schedules with respect to Agricultural, Rural, Resource Reserve, Rural Estate and Hazard Land designations. Any person may attend the Public Meetings and make written or verbal representation either in support of, or in opposition to the proposed Official Plan Amendment.

The Public Meetings are to be as follows:

TUESDAY, NOVEMBER 22, 1983 at 7:30 p.m. - Ops Elementary School (Highway 7 east of the Intersection of Highway 36)

THURSDAY, NOVEMBER 24, 1983 at 7:30 p.m. - Fenelon Falls Secondary School (Village of Fenelon Falls)

FRIDAY, NOVEMBER 25, 1983 at 7:30 p.m. - Lion's Hall - Cobocok

Additional information relating to the proposed Official Plan Amendment is available at the County of Victoria Planning Office, 42 Victoria Avenue, North, P.O. Box 658, Lindsay, Ontario K9V 4S5 (Telephone (705) 324-9460.)

Dated at the Town of Lindsay this 17th day of October, 1983.

Clare McKay, Clerk,
County of Victoria

RRSP season isn't over.

Far from it. Not when consistently high annual returns are so critical to your retirement income.

And not when a tax-free transfer for all or part of an under-performing RRSP is as easy as filling out a form.

So look both ways: to the past and to the future. And ask yourself: How does your RRSP stack up? Should you be considering a change?

Use top-performing Industrial Growth Fund to compare:

1 year - 37.25%

10 years - 19.12%

(Average annual compound rates of return to October 31, 1983).

It's a record that's hard to beat. And it's just a simple transfer away.

Return the coupon below, or phone.

"The Funeral Director's Role"

and Rev. John James speaking on

"The Funeral Service"

EVERYONE IS INVITED.

SUGGESTED DONATION \$1.00

Coboconk News

By SHEILA LAKE
 Congratulations to Mrs. Mary Wilkinson who celebrated her 88th birthday on November 4 and also to Lillian Tufts who had her 87th birthday on November 3 - two of our well respected seniors, both are still very active and hard working.

Flo Alton has been in Ross Memorial Hospital recovering from surgery. Art Griffin is in Ross Memorial Hospital after spending some weeks in Sunnybrook Hospital for treatment. I hope you folks are feeling better.

Mrs. Sylvia Bowins spent last week with her daughter, Terrilee Quibell, in Toronto. She spent this week with her sister, Mrs. Bert Bradamore, at Sudbury.

Jack Taylor of Oakville has been visiting his relatives, Mr. and Mrs. Ben Farrow. Deer hunters seem to be having good luck as I have seen a number of deer hanging from trees.

Winners in the past couple of seniors' card parties on Tuesday nights are as follows: Euchre: ladies' first, Robinette Harding, 77; second, Rose Cooper, 76; most lone hands, Rose Cooper, 3; consolation, Inga Wassell, 46; gents' first, Dorothy Brown, 70; second, Ed Holland, 70; most lone hands, Henderson King, 4; consolation, Elsie Barker, 45. Bridge: first, Jack McNeil, 7050; second, Jeanette Gillespie, 5170; consolation, Jack Purdon, 1350. Euchre: first, Joan Bowins, 77; second, Alf Hargrave, 74; most lone hands, Myrtle Lucas, 4; consolation, Laura Irvine, 43; gents' first, Ross Faulkner, 78; second, Julie Ramsay, 78; most lone hands, Ziggy, 4; consolation, Gordon Madill, 43. Bridge: first, Evelyn Sheats, 4970; second, Hal Wallace, 3910; consolation, Lily Smith, 730.

Clara Schell is nursing a hand that had surgery two weeks ago.
 Dr. William White of Calgary visited his mother in law, Mrs. Annie Marles and other relatives here on Sunday.
 Mr. Wayne Rutter, wife Beryl and family of Wilberforce visited his mom and

brother, Mrs. Ruth Rutter and Garnet.
 Yours truly, hubby Grant and "Grandma" Cora Lake were Saturday supper visitors of Bob and Marilyn Lake, Robert and Sharon at Stroud.

Walter Marles, Alf Zealand and Ada Fisher, all of Lindsay, were visitors of Mrs. Annie Marles last week.

Miss Nancy Hirstwood of Scarborough was a weekend visitor of brother Clint, his wife Heather and little Christopher and also visited her mom, Carolyn Strong, brothers Peter, Doug and Bill and Aunt Margie of Buller Road, Norland.

Mrs. Etta Teel and son Ken Teel of Little Britain visited Leone Jewell last week.

Mrs. Edna Pearce has been ill at home for the past couple of weeks, and we all hope she will soon be well again. Edna, another of our seniors is a very active lady and being laid up is just not her cup of tea. Speaking of seniors, a busload of these folks journeyed by bus to Toronto on Thursday to enjoy a full day at the Royal Winter Fair.

I know we are always asked to donate to a lot of charities, or buy an item to support a cause, but now that it is Christmas season, what could be more appropriate than Christmas cake? The M.S. Association is selling fruit cakes to raise funds for research on this incurable

disease. Drop in to Jones Grocery Store across from the funeral home and pick up a treat to help out the M.S. Association. Helen Jones will be glad to tell you of her knowledge of M.S.

What a day to leave home - I mean Friday was a day. "Grandma" Lake and I and Christopher journeyed down Sutton way, then on to Newmarket where we met son Bob at Ontario Hydro, and we all enjoyed lunch at Newmarket. We didn't shop long, as that storm was gradually getting worse, but we made it home safely.

Remembrance Day is history as you read this. Our local Legion held services at the Cenotaph and had a very good parade to remember those who died for our freedom.

Adjoining the Warehouse store is the newest business in town. Video Machines and Video Tapes for sale and for rental are available. Drop in and see Peggy Weaver and she will help you with her expert knowledge on all video questions. No need to drive out of town to rent a good movie.

The new pastor of Faith Tabernacle was inducted at a worship service recently when Moderator of A.C.O.P., Rev. Daniel Breen had the induction service. New Pastor Dale Switzer and his wife Brenda were pleased to have a full church and all enjoyed a delicious pot luck dinner following the service.

Cardiff minutes

from page 2

The municipality is not in favour of the County of Haliburton's proposal to assume responsibility of the Dyno road and advised that the municipality feels that it would be feasible from a cost-benefit view for the municipality to assume responsibility at some point in the future.

The Clerk-Treasurer was authorized to advertise the following municipal lands for sale: Lot 8, Conc. 11 and Lot 6, Conc. 15, Township of Cardiff. Offers will be accepted in writing until November

30, 1983 at 4 p.m. local time. Terms are 100% cash or certified cheque within 15 days of acceptance of the successful offer by the municipality. All other costs, if any, to be paid by the Purchaser.

A special meeting of Council will be held on Saturday, November 19, 1983 in the Council Chambers, R.R. #3, Bancroft, Ontario beginning at 9:00 a.m. for purposes of public comment on the municipality's draft official plan.

The next regular meeting of Council will be held on Friday, December 2,

Wilberforce News

At one time when work on the lines required that the Hydro be turned off for a few hours, each householder received the information on a card in the mail. No doubt the rising cost of postage has caused the scrapping of this old custom. Now there are posters placed on public buildings and many people fail to get the message. Last week the signs read that the Wilberforce area would be without power on November 11 for three hours. The notice read a "Power Outage". The word Outage looked strange. Folks usually talk about the power being off at such and such a time. Equally peculiar would be to call it an Offage. Anyway, after all this, the terrible weather conditions of that day cancelled the Hydro work and we never did suffer an Outage.

From all reports the hunters are doing well this year. Several cars and trucks have been seen leaving town with a good supply of deer meat. Some good hunting stories are making the rounds, one of which comes from a hunter staying at the Bostonian Motel. While on a runaway he saw three moose standing together. He shot them all, not with his rifle because they are not in season, but with his camera that he was carrying. He will now have the proof that his story is not an exaggeration. Another tale is told by Ted Nottage who was stalking deer in the bush. He jumped from a rock pile of brush and out crawled a bear who had taken cover there. Not having a bear licence he was unable to take this fellow so made loud noises to drive him away. Inspired by his experience he purchased a licence and hasn't seen a bear since.

The cold, blustery day of November 11 failed to daunt the spirits of the Wilberforce, Branch 624 Legionnaires as they and the members of the Ladies' Auxiliary marched from the Fire Hall to the cenotaph. Many residents joined with them in this service of Remembrance. Mr. Charles Hughes brought the school children to witness the ceremony. About sixty people were present. Maurice Bradlev of

the United Church offered prayers. A laying of wreaths took place. An invitation to dinner being held at the Legion Hall was accepted by many. The ladies had prepared an excellent dinner of turkey, baked potatoes, etc. The friendly atmosphere served to offset the nasty weather conditions outside. We were pleased to see Murray Agnew with us again. We missed our comrade Harold Bowen.

In the evening a successful turkey roll was held in the Legion hall to welcome the hunters in the area. There will be another such event taking place this Friday evening at the Legion hall.

Keep in mind that the polling day for Monmouth Township is Monday, November 21. A new councillor must be elected to fill the vacancy left by Barry Dufford. The polls will be open from 11 a.m. to 8 p.m. Wilberforce voters use the board room of the Lloyd Watson Centre and Tory Hill voters use the Tory Hill Community Centre. This promises to be a lively contest as five of our citizens vie for a seat on Council, all anxious to improve our Municipal government. There are five members. The last week issue of the Haliburton County Echo mentioned the names and aims of the candidates. They left out the fact that Carman Coumbs has two bright children: Steven, aged 10, and Jennifer who is 7. His wife Joanne teaches pre-schoolers to swim at Pinestone Inn. It is always important to vote so be on hand to choose a candidate for your Council on November 21.

Great entertainment is provided by football games at this time. Wonder what team will take the Grey Cup? For hockey fans here are the results of the weekend games by the Tri County Hockey League: November 12, Apsley 2, Sports Centre 8; Wilberforce 7, Whitfield 6. November 13, Whitfield 6, Wilberforce 3; Whitney 10, Pharmacy 5.

Galway Cavendish minutes

At the most recent meeting of Galway/Cavendish council, the following matters were considered:

Several ratepayers of the Township attended the meeting to discuss the merits of unopened road allowances leading to water being stop-

ped up, closed and sold to adjacent land owners. Mr. Lockwood briefed the Council on the views and concerns of the ratepayers: from Green's Lake. Mr. Chambers read a letter from the Catichoma Cottagers Association. Several areas of concern were dealt with and Council informed those present that the Township did not plan to open any road allowances, nor did they plan in the foreseeable future to close all road allowances. All applications received would be dealt with individually and judged on their own merit.

Mr. and Mrs. Dalton attended the meeting to dis-

cuss the snowploughing of their road at Green's Lake. It was explained to them that the road leading to their home was a right of way over private property and therefore the Township was unable to provide them with snow removal service.

Harry Platt attended the meeting to bring Council up to date on the activities of the Kawartha Region Conservation Authority and present their proposed budget for 1984.

Mr. Platt's annual report on the Kawartha Region Conservation Authority was received.

Bicroft

from page 9

Ontario's Bicentennial celebration.

The trailer presently being used as Bicroft Library will be advertised for sale and funds derived from such sale be used for the new library facility.

David Reeves was appointed to the Bicroft Volunteer Fire Department subject to the usual three month probationary period and a clear medical certificate being received by the Fire Chief.

Dale Woodcox and Steven Ryan were asked to act as constables on Halloween evening from 8:00 p.m. until approximately 2:00 a.m. at the Township's labour hourly rate.

A quotation from Matthews and Hill Insurance in the amount of \$4,755. for 1984 was accepted and all necessary forms will be signed by the Reeve and Clerk.

A special meeting of the Council of the Township of Bicroft was held on November 1, 1983 at 8:00 p.m. in the Community Centre for the purpose of discussing the Cardiff mid-summer Fair deficit.

The Township of Bicroft will advance a loan of \$4,566.63 to the Cardiff Mid-Summer Fair Committee to liquidate the deficit resulting from the 1983 Fair. The loan is to be repayable to the Township upon completion of the financial report after the 1984 Mid-Summer Fair. Interest rate to the loan will be applied at current rates if Council is required to borrow monies for operational costs in the calendar year 1983-84.

Chamber

from page 5

the routes to be taken by acid rain storm clouds based on meteorological data.

Scientists on both sides of the 49th parallel have now provided an admirably clear picture of the acid rain cycle for our part of the continent. It's high time for politicians to agree on a transboundary plan for sharing the clean-up. This will no doubt prove far more difficult than any scientific research. So it's now up to us as citizens to start tailoring our elected representatives. If you need directions, the Canadian Coalition on Acid Rain, a broad spectrum of environmental, business and citizen groups, co-founded by the Federation of Ontario Naturalists, can probably help you out. Write or telephone: Canadian Coalition on Acid Rain, 112 St. Clair Avenue West, Toronto, Ontario, Telephone (416) 968-2135.

HOMEOWNERS

HOLD YOUR BREATH AND READ THIS.

If your chimney is defective, your house may be feeling just like you do right now. Because heating systems take in oxygen and release carbon dioxide. Just like you do.

But when a furnace can't get enough oxygen, or carbon dioxide can't escape, your house can't "breathe." Carbon monoxide can be created and that is a dangerous situation for you and your family.

A clean and clear chimney is necessary to vent your furnace properly.

Here are some warning signs of chimney deterioration.

- ☐ loose mortar and bricks
- ☐ white powder or water stains on chimney above roof
- ☐ water stains at the chimney's clean-out door.

YOU MAY NEED A CHIMNEY LINER TO PREVENT EROSION OF THE MASONRY.

For your safety, and for your peace of mind, have your heating system and chimney inspected and cleaned annually by a qualified contractor. You and your house will both breathe a sigh of relief.

Galway Cavendish minutes

Minutes of the Municipal Fire Protection Seminar of October 5 and 6, 1983, attended by Councillor Nokes, were received.

Minutes of the Galway Platoon of the Galway Cavendish Fire Department meeting of October 2, 1983 were accepted as presented.

Minutes of the Harvey Township Library Board meeting of September 26, 1983 were received.

A letter received from Ken and Ida Young was referred to the Galway Fire Committee for their recommendation to Council at the next regular meeting.

Minutes of the Galway Cavendish Culture and Recreation Committee meeting of October 18, 1983 were adopted as presented.

Minutes of the 66' Shoreline Allowance Committee meeting of October 14, 1983 were adopted as presented.

Minutes of the Committee of Adjustment meeting of October 14, 1983 were received.

Minutes of the Roads Committee meeting of October 28, 1983 were adopted as presented.

The tender from Gary Weitzel for winter snow control in the Cavendish area as per his submission in the amount of \$28.50 per hour was accepted.

The verbal report on the October, 1983 meeting of the Cavendish Platoon of the Galway Cavendish Fire Department was received.

Roads Voucher #10 for the month of October in the amount of \$27,172.52, was approved for payment.

General Voucher #10, for the month of October in the amount of \$13,966.28, was approved for payment.

Social Assistance Payroll Voucher #9 for the month of October in the amount of \$1,506.00, was approved for payment.

By-law 83-39, a by-law to regulate the use of land and the character, location and use of buildings and structures in the United Townships of Galway and Cavendish, was read a second and third time and passed. This by-law amends the Pits and Quarries By-law 81-34 passed in 1981.

By-law 83-41, a by-law to appoint a firm of solicitors was read a first time and deemed to be read a second and third time and passed.

By-law 83-42, a by-law to stop up and close those parts of the shoreline road allowance around the Catchacoma Lake (Conc. 2, Part Lot 22), was passed.

By-law 83-43, a by-law to stop up and close those parts of the shoreline road allowance around Mississauga Lake (Conc. 3, Part Lot 16), was passed.

By-law 83-44, a by-law to stop up and close those parts of the shoreline road allowance around Gold Lake (Conc. 2, Part Lot 25), was passed.

By-law 83-45, a by-law to regulate the use of land and the character location and use of buildings and structures in the United Townships of Galway and Cavendish, was passed.

Part Lot 35, Concession 18, Galway Township (White Lake) has been rezoned from Rural to Recreation Residential and Hazard Land.

By-law 83-46, a by-law to establish certain lands as a municipal highway, was passed.

Conc. 12, Lots 28 and 29, Plan 11, Lots 41-62, known as Eastview Drive, approximately .4 miles has been assumed into the Township road system.

By-law 83-47, a by-law to declare certain tax registration lands to be required by the Townships of Galway and Cavendish for its own purposes, was passed.

Conc. 12, Part Lots 19 and 20, parcels 59, 99, 101, 103, 105, 107 and 109 have been taken over by the Township for Park purposes.

By-law 83-48, a by-law to declare certain tax registration lands to be required by the Townships of Galway and Cavendish for its own purposes, was passed.

Conc. 12, Lots 19 and 20, parcels 58, 98, 100, 102, 104, 106, 108 and 110 have been taken over by the Township for Park purposes.

By-law 83-49, a by-law to constitute a committee of adjustment, was passed.

By-law 83-50, a by-law for a tariff of fees, was passed.

Severance B-173/83, (Colins family, Conc. 12, Lot 17, Galway), was supported as it conforms to the North Kawartha Official Plan and Zoning By-law 78-43 and Policy 82-1 will apply.

Severance B-157/83 and B158/83 were deferred and Mrs. Foster or her solicitor was requested to attend the next regular Council meeting to clarify several questions.

Ron VanNess, Art Robertson, Geddis Harper, William Holstock and Emmerson Harper were appointed to the Committee of Adjustment in accordance with the provisions of the Planning Act, 1983, and all members shall serve at the pleasure of Council.

Eric Boyden's request to purchase that portion of the road allowance leading to water between concession 4 and 5, Cavendish at a price of \$718.57, was approved.

The petition from Catchacoma Cottagers Association for speed signs in Baldwin's Bay will be forwarded to the Ministry of Natural Resources for approval and processing and Catchacoma Cottagers Association will pay for the costs of the signs once the appropriate approval has been received.

The Kawartha Region Conservation Authority will be advised that this municipality feels very strongly that Aquatic Weed Harvesting funding should be established as follows: The Federal Government responsible for all projects in the

Trent-Severn Waterway system; the Conservation Authority responsible for all inland lake projects.

The letter from the County of Peterborough with regard to Bicentennial ideas was referred to the Culture and Recreation Committee.

The Township of Galway Cavendish supported Bill 2.

Councillor Stuart declared conflict of interest on the following resolution and removed himself from the meeting.

Council consented to a minor variance being made on Conc. 17, Lot 7, Cavendish and authorized Ronald and Kathleen Butcher to bring a minor variance application to the committee of adjustment.

Council consented to a minor variance application being made on Concession 4, Lot 28, Cavendish and authorized Eva Lane to bring minor variance application to the committee of adjustment.

Councillor Carswell was authorized to attend Sir Sandford College special lecture series - for Municipal Officials November 10, 17, 24 and December 1, 1983.

A letter from Natural Resources pertaining to Mr. Gamble's request to place a retaining wall on Concession 11, Part Lot 20, Galway was referred to the Reeve for inspection and a report to Council at the next regular meeting.

The November 12 Council meeting was cancelled.

The Clerk Treasurer was authorized to hire contract services to clean Fire Hall #2 as required prior to each rental.

The Clerk Treasurer was authorized to advise the Ministry of Revenue that Council is prepared to loan historic records of the Municipality to the Ministry for public display in conjunction with their Bicentennial projects.

in memoriam

BURK - In loving memory of Russell Burk who passed away November 13, 1978. There's a gift of life you cannot buy That is very rare and true, It's the gift of wonderful memories Like the ones we have of you. Ever remembered by wife Beasie and children Betty, Gerald, Neil, Norma and their families. 32-B-16

CUMBS - In loving memory of our dear son Lyle, who passed away November 18, 1974. There is never a life without sadness, There is never a heart free from pain, If one seeks in this world for true solace, He seeks it forever in vain. So when to our hearts came the sorrow Of losing the dear son we loved It was the touch of God's sickle at harvest Since He reaps in the fields he has sown. Sadly missed by Mom and Dad. 32-P-16

FRY - In loving memory of a dear daughter, sister and aunt, Joy Eileen, who passed away November 16, 1979. In a quiet country graveyard, Where the gentle breezes blow Lies the one we thought so much of That we lost four years ago. Your heart was warm and tender, You lived your life for those you loved, And those you loved remember, We miss you more than anyone knows, As each day passes the emptiness grows. No one knows the grief we bear When the family meets and you are not there. Ever loved, sadly missed by mother Lillian, sisters Myrna and Shelia, nieces and nephews. 32-P-16

HORSLEY, Clarence, who passed away November 21, 1978. Silent thoughts of times together Hold memories that will last forever. Sadly missed by wife, Margaret and family. 32-P-16

Ode To A Spruce

I look back to the days of youth
And fondly recall three stately spruce,
One, whose limbs so close did grow
A squirrel could scarce between them go,
And one so scarred I would not climb
- A house had burned before my time -
The third, a place of wondrous joy,
A reg'lar playhouse for a boy.

How often, in green apple time,
With pockets filled, that tree I'd climb
And sit upon my perch, so high,
And watch barn swallows flitting by.
Oftimes, upon the tip, a crow
would sit, and "Caw", and then would go
with backward glance, so full of scorn,
To raid the field of Father's corn.

Just over there the sawmill stands.
I hear the shouts of sawmill hands
Rise above the saws' shrill screams.
I count the puffs of the engine's steam.
In the pasturefield, just o'er the rise,
Old Mag, the mare, is switching flies,
While, down in the garden patch below,
My Mother deftly wields her hoe.

I visited the old place today.
I've been, so many years, away.
The sawmill's gone, the house torn down,
The forest closing all around.
The apple orchard still is there,
But now, a dining room for bear!
Is that asparagus? Yes, it's true,
Where Mother's little garden grew!

Over there I see a rose.
By the old stone fence lilac still grows.
And, yes, up there against the cloud,
A spruce tree! Standing, straight and proud
Is the old scarred spruce, new limbs filled in
Where the scars of burning once had been!
Thru' tangled brush I make my way
to where, on the ground, my own tree lay,

A victim of some vicious storm,
Its rotted stump now home for worms,
Its long-dead trunk and limbs laid bare.
I brush away a silent tear.
But I'll treasure, long, fond memories

of happy times in that old spruce tree
And, yet, hear Mother's worried call,
"Come down, my son, before you fall."

Roy Bates

Our Drug Store

They greet us all so very nice as we go through the door,
And everyone seems to be treated the same, the rich and also the poor.
And when we go up to get our pills he gives us such a nice smile,
That we don't mind so very much if we have to wait awhile.
It's really a pleasure to come in here, and everyone seems to like Paul,
And now we depend on him even more as our summer turns into fall.
For now we all get pains and colds from all the wind and rain,
And we will need a lot of drugs till summer comes again.
So thank goodness for a good drug store and a staff so very kind,
A nicer place to visit would be very hard to find.

Florence Robinson

Haliburton

Haliburton is a wonder town
Down in a valley natural beauty abounds.
Love this land and have for years,
Rolling hills and rugged rock
Can compare with beauty people have sought.
Children can live and breathe fresh air.
A place to run without a care.
You can climb the hills every day,
Pick wild flowers in the month of May.
Some have water flowing by the door
And there is so very much more.
Birds in the treetops sing their song
They twitter and tweet all day long.
When the sun peeps over the huge hilltop
It warms the land and gives pleasant thoughts.
A robin wakes you from your sleep
But it doesn't matter, his song is sweet.
The wind in the treetops is a pretty sight,
Looks like they are dancing
On a summer night,
Bowing and bending in the breeze,

Shimmering sounds come from the leaves.
God has blessed this beautiful land.
May he always keep it in his hands.

GOOD THOUGHTS

Good thoughts to you go on their way
Many, many times each day,
Thoughts that are sunny, thoughts that are bright,
To guide through the darkness until you see light;
To soften the pain,
Bring comfort again,
To drive away fears,
And stem flowing tears,
So that one day you'll own
That you're not alone,
But supported by friends
Whose love never ends;
Then gone will be sadness
Replaced by a gladness,
Knowing life can be borne
From eve until morn,
And on through the day
Your role you can play.
So greet every day
In a more upward way,
"I can" try to say
And never think nay.

METRIC LAMENT

What are they going to call the inchworm
Now that metric measurement's here;

Are a few millilitres a must
Or may I still order one cup of coffee, my dear?

What's that place outside my door
If it isn't a backyard any more?
My patio's in quite a fix
Now that it's no longer six feet by six.

The thermostat needs to be changed, I'm told;
I felt pretty warm at 78F, but
26 Celsius leaves me quite cold!

Do you suppose that very soon
They'll count kilopascals at noon?

The new measurement of my waist, my dear,
Is much too much to contemplate!
It's all so very confusing; I guess
I was born about seventy years too late.
